

HAVE YOU A CHILD?

Many women long for children, but because of some curable physical derangement are deprived of this greatest of all happiness.

The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.

"I took your Compound and have a fine, strong baby."—Mrs. JOHN MITCHELL, Massena, N. Y.

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers."—Mrs. A. M. MYERS, Gordonville, Mo.

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me."—Mrs. E. M. DOERR, R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world."—Mrs. MOSE BLAKELEY, Coalport, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born."—Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it."—Mrs. WINNIE TILLIS, Winter Haven, Florida.

Watched Her Step.

The lawyer was cross-examining a witness.

"Do you happen to know," he asked, "what time it was when the wife of the defendant stepped into the taxicab in front of the National bank?"

"Yes," replied the witness. "It was seventeen minutes past one."

"Ah, it was seventeen minutes past one, eh? Now will you please tell the jury how you happen to be so positive that it was precisely seventeen minutes past one?"

"Certainly," said the witness. "The lady was wearing an ankle watch."

Mean Cat!

"Algernon called on me yesterday afternoon."

"Yes," he told me he had some time to kill."—Kansas City Journal.

Rest Those Worn Nerves

Don't give up. When you feel all unstrung; when family cares seem too hard to bear, and backache, dizzy headaches, queer pains and irregular action of the kidneys and bladder may mystify you, remember that such troubles often come from weak kidneys and it may be that you only need Doan's Kidney Pills to make you well. When the kidneys are weak there's danger of dropsy, gravel and Bright's disease. Don't delay. Start using Doan's now.

Accenting Vogue of Rich Materials

Although one may choose almost any shape in hats, the progress of the season has given precedence to certain types. Hats inspired by the Puritan model are many and smart. Small high-crowned shapes with narrow curving brims followed naturally in the wake of the Puritan, and have been developed into brilliant millinery, combining rich brocades or velvets, in covering the shape, with fur in narrow bands outlining the brim edge and crown. The small turban has blossomed out in wintry materials (velvet and fur and other rich stuffs) in styles more varied than ever, and is the acme of dash and grace.

Trimming remains simple, either for these chic small hats or in the wider-brimmed shapes. And it seems that every one strives for novelty in it. Either the flower or feather must be something new and strange—and beautiful—or it must be oddly placed. An example of this is shown in two views of a dress hat which are given in the photographs reproduced here. This model is made of velvet shirred in one circular piece, to cover the upper brim and side crown. The top crown is a small scant puff of the velvet, and the underbrim has a plain velvet facing. The shape lifts to a point at the front and flares upward at the back, where the brim widens.

The width across the back is greatly accentuated by a drapery of velvet lined with soft satin, which has the appearance of a high bow.

Very odd satin and silver poppies are set over the drapery at the back, and one single blossom brightens the brim at the front.

In passing, it may be noticed that millinery blossoms are very brilliant, made mostly of silk or satin of bright luster, and without pretense to being faithful copies of their prototypes.

In the picture a wide-brimmed shape is shown with a round crown. It is covered with hatter's plush. A fringe of ostrich feathers is set about the edge on both the upper and underbrim, and a fan of ostrich fibers also, is posed against the crown, completing the adornment.

Millinery generally is characterized by better style this season than in the past. Women insist upon simplicity in trimmings, and this results from an advance in good taste. Good workmanship is another feature which tells the same story.

The Stocking Pantalettes.

A novelty is white silk stockings with three little frills above the ankles in simulation of pantalettes. These frills are of silk, edged with lace.

Besppeak Comfort for Small Wearers

The outdoor garments made for small lads and lasses in the winter-time are first designed for warmth. This essential is taken care of and after that they achieve what measure of grace and style the material and the season's modes will allow.

Overcoats for the small boy are cut a little shorter than in previous seasons, of very heavy close-woven wools. Dark blue is a favorite color for them, but there are many dark mixtures, indistinct checks and a few crossbars. They are double-breasted, with ample collars that may be rolled up about the neck and ears. A very good model is that shown in the picture, which provides large but inconspicuous patch pockets for the convenience of the most appreciative of all possessors of pockets.

A cozy coat for a little girl, with cap to match, is pictured, with collar and cuffs of plush. It is made of a heavy wool-knitted material and is soft and warm. The stitched belt, shaped to include pockets, reflects a popular treatment of the belt in coats for older girls. With cap to match, which may be pulled down over the ears, a trim, smart outfit makes the youngster look as comfortable as she feels.

For the little miss who has arrived at the dignity of going out to parties, pretty coats are made and childish furs are designed to re-enforce them. White Iceland fox and other inexpensive white furs are prettiest for the little girl. The next best choice for her are the little gray squirrel sets. There are several other furs suited to children, and all of them are intended for the little miss to wear up

on "dress-up" occasions. The warmth of furs goes without saying, and luckily the fur sets for children are modest in price, so that all may have them.

For House Wear.

White linen modified middies with collar and cuffs of color, and just a little smocking on each side to support the necessary fullness will be worn in the house all winter. The smocked stitching and collar and cuffs may be of horizon or delft blue, pink or lavender. A dainty negligee of fine nainsook with half sleeves and eton effect has a belt of three narrow pink ribbons braided together. Val lace and insertion are used with dainty empire waists in blue, pink and green on each side. Another nainsook blouse has scalloped edges, trimmed with balls of two shades of blue silk and irregular motifs.

Sweaters at All Hours.

Oddly enough, sweaters are worn with frocks of white silk, as well as with all other frocks, and dainty enough are the little affairs of knitted silk that as sweaters hold such an important place in Palm Beach wardrobes. The silk sweater has been passe in Deauville for eighteen months, but it is being worn here. All sweaters are long enough to cover the hips, and all are made with pockets; skirts are also pocketed. Separate blouse coats are of heavy crepe de chine.—Vogue.

THE NEWEST REMEDY FOR BACKACHE, RHEUMATISM AND DROPSY

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints it causes lumbago, rheumatism, gout or sciatica. This is the time to send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., 10c for large trial package of "Anuric."

During digestion uric acid is absorbed into the system from meat

eat, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuric," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Company examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. If you wish to know your condition send a sample of your water to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and describe symptoms. It will be examined without any expense to you, and Dr. Pierce or his medical staff will inform you truthfully. Anuric is now for sale by dealers, in 50c pkgs.

Bumper Grain Crops

Good Markets—High Prices

Prizes Awarded to Western Canada for Wheat, Oats, Barley, Alfalfa and Grasses

The winnings of Western Canada at the Soil Products Exposition at Denver were easily made. The list comprised Wheat, Oats, Barley and Grasses, the most important being the prizes for Wheat and Oats and sweep stake on Alfalfa.

No less important than the splendid quality of Western Canada's wheat and other grains, is the excellence of the cattle fed and fattened on the grasses of that country. A recent shipment of cattle to Chicago topped the market in that city for quality and price.

Western Canada produced in 1915 one-third as much wheat as all of the United States, or over 300,000,000 bushels.

Canada in proportion to population has a greater exportable surplus of wheat this year than any country in the world, and at present prices you can figure out the revenue for the producer. In Western Canada you will find good markets, splendid schools, exceptional social conditions, perfect climate, and other great attractions. There is no war tax on land and no conscription.
