Unless some definite objection is filed with the Union Pacific there is in prospect sweeping change of the Kearney-Stapleton service. The change being stipulated by the officials is none other than cancellation of a passenger service effective now, a complete alteration of this service being made. The passenger service will be limited to one train each day, a steam train to leave Stapleton in the morning and return in the evening.—Kearney Hub.

The snow this week interfered with County Supt. Gantt making a trip that would have completed the inspection of every school in the county. There are more than one hundred school districts in the county, and when you consider that Lincoln county is fifty-four miles long and forty-eight miles wide, and that only a few of the schools can be reached by railroad, you can easily imagine how many miles Miss Gantt must drive her Ford car in order to visit each school.

THE BANK OF GUARANTEED DEPOSITS

C. D'S For Christmas Gifts

A gift must have value. Some have tangible value that decreases proportionately with the days after Christmas. The little tin horse doesn't hold its original value much longer than it keeps its legs, but intangible value soon appears that will make it costly and precious to the youngster owner.

A gift that combines both the tangible and intangible and which increases every day is the ideal gift for the young son thinking of college, the daughter at the boarding school, the wife or any one near and dear to you.
