

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."
—Mrs. FRED BENKE, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."
—Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."
—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

His Job.
There was once a rich but very mean old lady who paid her servants as little as possible, and kept very few.
One of her staff was a thin, very miserable-looking lad of twelve, who answered the door, did the knives and the windows, waited at table, weeded the garden, washed the poodle and had the rest of the time to himself.
One visitor asked him:
"Well, my boy, and what do you do here?"
"I do a butler and a gardener out of a job!" snapped the lad, sourly.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandarine hair cleanse." Just try this—moisten a cloth with a little Dandarine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandarine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—really new hair—growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Dandarine from any store and just try it. Adv.

Her Gift.
"Mrs. Garber is gifted with a sixth sense."
"And what is it, pray?"
"Inexhaustibility."

Most Eminent Medical Authorities Endorse It

A New Remedy for Kidney, Bladder and all Uric Acid Troubles
Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished Authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N. Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce

Catty Remark.
"Algernon must be in love with me."
"What gave you that idea?"
"He clasps me so closely in the dance."
"It isn't that," declared the other girl disagreeably. "It is just a case of being afraid he'll fall down unless he hangs on to his partner."
—Louisville Courier-Journal.

Important to Mothers
Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Wm. C. Little*.
In Use For Over 30 Years.
Children Cry for Fletcher's Castoria

Accounted For.
"As a single man he was noted for his brilliancy."
"Yes, I remember."
"But now that he is married he seems positively dull."
"Yes, that's the domestic finish."

There Are Others.
Heiney—"Don't you know that fellow Upon reminds me of an egg?"
Omar—"Bad, I suppose?"
Heiney—"Not exactly, but he's too full of himself to contain anything else."
Strong for 'Em.
"How is the new bookkeeper on figures?"
"Always runs to the window when a good one goes by."

Not Gray Hairs but Tired Eyes
Make us look older than we are. Keep your eyes young and you will look young. After the Movies Murine Your Eyes. Don't tell your age. Murine Eye Remedy Co., Chicago, Sends Eye Book on request.

Its Nature.
"I make a point of looking up family trees."
"That's a very shady business."

The Quinine That Does Not Affect Head
Because of its tonic and laxative effect. LAXATIVE BROMO QUININE is better than ordinary quinine and can be taken by anyone. 25c.

Those Family Jars.
"We are just like one big family in our suburb."
"Is the scrapping that bad?"

POULTRY

ENCOURAGE PULLETS TO LAY

Housed Together, Well Fed, With Plenty of Green Stuff and Fresh Water They Will Lay Eggs.

If you let the pullets run with the flock and feed them in an irregular way they will certainly take their time in beginning to lay. When the combs are showing up red and mature is the time to be getting the pullets in a house to themselves, with a good laying ration, and they will lay weeks earlier and more steadily after beginning if kept to themselves and not allowed beyond a small inclosure. No

Famous Columbian Rock.

male birds must be allowed with them.

A dry mash with a reasonable percent of meat scrap is necessary, or if milk is most plentiful, then the mash made up crumbly will help a speedy start. Housed together, fed well, with plenty of succulent green stuff like cabbage, with grit, lime, charcoal, and plenty of pure water at hand, and nothing else to think of but making themselves useful, they will produce the eggs.

The reason the pullets on the farm lay so few eggs in fall and winter, and put off regular laying until often late spring, is due to letting them run with the flock and giving no extra feeding or warm room to themselves. This last is the only way to get winter eggs from the early spring pullets.

BEST HOUSES FOR CHICKENS

One Subject on Which Successful Poultrymen Agree—Fresh Air and Sunshine Are Essential.

The most successful poultrymen we have today differ point blank on almost any subject, if we except that of housing. On this point they will agree. Any kind of house will answer the purpose, so long as it provides adequate room, sunshine and an abundance of fresh air so admitted that no draft strikes the inmates.

Given a cool, dry house, your fowls are reasonably safe; a warm, damp house and you have a roup producer. Repeated experiments have proved that fowls are more nearly in their natural environment when housed in dry, cold, fresh-air houses, than when in artificially heated ones. The egg production is much better in the former kind. In the matter of hatching and brooding, it has been found that the eggs hatch much better, and the chicks are stronger, from stock housed in the open-air houses. Many times when the chicks do not "escape the shell," the trouble is laid to the incubator, when, as a matter of fact, it was caused by the breeders becoming short in vim and vigor from wrong winter care.

KEEP POULTRY HOUSE CLEAN

Promotes Comfort of Fowls and Lessens Chance of Disease—Provides Proper Dust Bath for Hens.

Droppings should be removed daily, for cleanliness in the poultry house promotes comfort and lessens the chance of disease.

Poultry houses, however simple, should be both warm in winter and well lighted. The windows should also be provided with iron netting, so the sash may be raised to admit air in summer, and also mild weather in winter.

One portion should be half dark, for the laying and sitting hens, and a proper dust bath should be provided. If lice make their appearance, fumigate thoroughly and after cleansing whitewash with lime to which a little carbolic acid is added.

Good Sour Milk Ration.
A good sour milk ration: Corn, four parts; wheat, two parts; bran middlings, one part; corn meal, one part; sour milk, separately. Give 100 hens 2 1/2 gallons of milk and from 19 to 25 pounds of other food a day.

Good Fowls to Keep.
Choose those fowls having full bodies, good carriage, wide backs, short legs, full breasts and well-formed combs, this last feature being imperative in the male.

THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

Week and unhealthy kidneys cause so much sickness and suffering and when through neglect or other causes, kidney trouble is permitted to continue, serious results may be expected.

Your other organs may need attention—but your kidneys should have attention first because their work is most important. If you feel that your kidneys are the cause of your sickness or run down condition commence taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because if it proves to be the remedy you need and your kidneys begin to improve they will help all the other organs to health.

Prevalency of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are among the most common diseases that prevail, they are almost the last recognized by patients, who usually content themselves with doctoring the effects, while the original disease constantly undermines the system.

SPECIAL NOTE—You may obtain a sample size bottle of Swamp-Root by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y. This gives you the opportunity to prove the remarkable merit of this medicine. They will also send you a book of valuable information, containing many of the thousands of grateful letters received from men and women who say they found Swamp-Root to be just the remedy needed in kidney, liver and bladder troubles. The value and success of Swamp-Root are so well known that our readers are advised to send for a sample size bottle. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention this paper.

Hairs of Rock Plants.
In a certain issue of the English publication, Knowledge, there is a short paper on the hairs of rock plants, by K. E. Styan. The glandular hairs of the Saxifrage are described. The three types of hairs dealt with are the silky or woolly hairs of the Edelweiss and the like; the stellate hairs which form a felted covering to many leaves, as in Aubretias and Alysums, and the glandular, which may occur alone or in conjunction with one of the other types. The hairs are mainly protective against atmospheric conditions, but the glandular hairs may in some cases, serve to attract insects.

Consideration.
"How is your boy Josh getting on at college?"
"First rate," replied Farmer Corn-tassel. "He writes long letters about how well he's doin' in his studies."
"Do you really think he is a good scholar?"
"I've my doubts. But, anyhow, his disposition's improvin'." His letters show he's tryin' to be considerate an' avoid hurtin' our feelin's."

"CASCARETS" ACT ON LIVER; BOWELS

No sick headache, biliousness, bad taste or constipation by morning.

Get a 10-cent box. Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation. Adv.

Not Sincere.
"Here's a book entitled 'How to Be Happy Without Money.'"
"I presume the writer professes to scorn money."
"Yes."
"Does he give away his book?"
"No. The price is one dollar."
"Umph! I thought so! At least 100 per cent profit."

Nobody Hurt.
Hotel Clerk—Say, you called the man in Room 13 an hour too early this morning.
Porter—Did he get up?
Hotel Clerk—Only partly. He got his back up.

There's always room for one more oyster in the soup.

Insults and pills are best swallowed without chewing.

A cozy corner is a handy place in which to sweep the dirt.
