"I had never thought that it might be my eyes" How frequently the specialist has heard that exclamation. As a certain writer puts it: "Nowadays, the wise man having an obscure stomach trouble to deal with, in the absence of other explanation, looks to the eyes. Eye-strain has a most potent and far-reaching influence on indigestion. I know of one case of chronic dyspepsia, of a year's standing, completely cured by a change of eyeglasses." A "Positive" Sale

+ "Where frankness reveals your opportunity" +

Some things marked at less than cost.
Many others at exact cost to us
On a few items we will make a profit

What's In A Name?

When we named this a "positive" sale we looked in the dictionary and found that positive means Real, Actual, Sure Enough, Without Question. Since the sale began, the public has found a new meaning. The ones who have bought here in the past week know now that positive also means Plus.

Apply this to your dollars. Plus means more. A dollar plus is more than a dollar, and every dollar spent here during this sale has more than that much buying power. Ask somebody who has tried it, or better still, try it yourself. That's the best way to be convinced of value.

Just seven days more. There's more to choose from today than there will be Monday.
