"My Home Town Girl"

Hyams & McIntyre are coming to the Keith Theatre Tuesday, February 1st, in a new comedy with music entitled "My Home Town Girl," under the direction of Perry J. Kelly. Their last appearance was in "The Girl of My Dreams" and after this long lapse of time they will have warm places in the hearts of theatre goers who understand and appreciate good acting. Incidentally they are the only musical comedy stars who have not or are not to be for the next three years seen in motion pictures.

County Attorney Geo. N. Gibbs filed Saturday for a renomination on the democratic ticket and will have as his opponent for the nomination former County Judge Grant, who filed a couple of weeks ago. The "unterrified," at least a number of them, will flip coins to decide for which of the two they will vote, for both have friends in all sections of the county. The contest between the two promises to be neck and neck, at least it looks that way this early in the campaign.

Live Stock on Farms

Some excitable folks expressed apprehension as to the probable extermination of the live stock on American farms due to the abnormal demands of Europe, where the animals were being fed to the Moloch of war. Hundreds of thousands of head of horses and mules were bought in this country for uses of the armies, while millions of food animals were slaughtered that the armies might be fed. This demand still exists, and is steadily being supplied, but the government report, just at hand, shows an actual increase in the number of animals on the farms of the United States, with the single exception of sheep.

In spite of the shipment of horses abroad, the report shows the number now in the United States to be 21,200,000, an increase of 5,900 head over a year ago, and more than 600,000 over five years ago. Mules to the number of 4,560,000, are on the farms, an increase of nearly 100,000 for the year. Milch cows have gone up in numbers to 22,000,000, an increase during the year of more than 700,000 head. Other cattle now number 39,500,000, having come up during the year to the extent of 2,500,000 head. Sheep, the one animal of which the democratic party boasts, because of its relation to schedule K, have dropped 750,000 head during the year, the total now being 49,200,000. Swine, solid support of farm prosperity, are increasing at a gratifying rate, showing 3,400,000 more for the present as compared with a year ago, the total being 68,000,000, a little more than two-thirds of a pig apiece for the inhabitants of the country.

Nebraska shows a splendid record in the matter of farm animals, with 1,030,000 horses, 98,000 mules, 650,000 milch cows, 2,240,000 other cattle, 374,000 sheep and 4,270,000 swine.—Omaha Bee.

My Country.

(Karl Psycke, of Gothenburg, formerly of this city, contributes the following to The Tribune.)

Here's to sweet Ireland, the land of my birth, The land of the shamrock, the best land on earth. The Irish were Irish when England wasn't much, They still will be Irish when England turns Dutch.

The downfall of England, as all men can see, Is coming so swiftly, and we'll soon all be free;

For England next summer will walk with a crutch Surrounded by Germans and all speaking Dutch.

Billiard Tournament Closes

The billiard tournament at the Elks' club which closed last night proved the most strenuous of the many held. The final result was Fleishman team 1391, Hoagland team 1443. More than eighty players took part in the contest, and at all times the score was so close that no one could predict the final result.

The supper to be given by the losing team will be served promptly at 6:45 next Thursday evening and Steward Smith requests that all be at the home promptly at that hour. Mr. Smith has prepared a menu that will make the boys believe life is worth living.
