A Touch of Winter.

Yesterday morning there was between seven and eight inches of snow on the ground; part of which fell Saturday night, the remainder Sunday night. There was no wind and the snow laid as it fell. It means nearly an inch of water when melted and will put the ground in a very fine condition for spring plowing during the coming month.

R. & L. Dividend Day.

Tomorrow will be semi-annual dividend day with the Mutual Building Loan Association and about twenty-four thousand dollars in interest will be disbursed and apportioned. W. T. Bowen Dies at Norwalk.

W. T. Bowen, father of Mrs. George E. Prosser and Chas. Bowen, of this city, died at Norwalk, Ohio, Friday at the age of nearly ninety years. The deceased was well known in North Platte and in Lincoln county. He located on the Jack Morrow Flats, southeast of town, in 1886, and lived there for nearly twenty years, leaving for Norwalk in 1905. He was a man of high intellectuality, a close student of current events, a strong reasoning power, and possessed of a retentive memory he was a fountain of information on past political and economic conditions. A stalwart republican, he was an active part in politics throughout his life. He was a true type of the best American citizenship—a righteous and honorable man. Long will he be remembered by his friends in Lincoln county.

Hotel Occupants Robbed.

Two strangers called at the Ritter hotel at one-thirty a. m. Saturday morning and engaged and paid for a room. A half hour later they came down to the office and called for matches and said they were going to take a little walk and smoke before retiring. Their actions and appearance caused the clerk to become suspicious and he went upstairs to make an in-vestigation. The rooms of two doors up were awakened it was found that twenty-five dollars was missing eight of which was taken from the room used by James Henderson, who recently returned here from Grants Pass Ore., to manage the hardware department of the Howe & Maloney Co., and had just returned from Omaha where he finished purchasing the stock. Officers were notified but the guilty parties had made good their escape.

Elks Tournament Closes.

The Elks' billiard tournament, which had been in progress for nearly a month, closed Sunday with a close finish, the team captained by Arthur Rush winning over the Tom Healey team by twenty-eight billiards. The tournament was the most exciting of any yet held, due to the narrow margin which existed at all times between the two teams—the Rushites being ahead of the Healeyites, then the latter would forge ahead, only to be set back a few games later. All through the tournament the interest was tense.

Thursday evening at seven o'clock the participants in the tournament, of whom there are about eighty, will enjoy one of those excellent suppers for which Steward Smith has an established reputation, the losing team footing the bill.

Pipe Organ Recital Well Attended.

The attendance at the pipe organ recital at the Presbyterian church Friday evening practically filled the seating capacity of the auditorium and the program which was rendered in a really meritorious manner, highly pleased the auditors. Miss McKay's selections on the organ were varied, giving her opportunity to well display her skill as an organist and her ability to put soul into the music. The readings by Mrs. Redenbaugh displayed her talent in the dramatic by a selection from "Ingomar" and in pathos by "Little Boy Blue." Two trombone solos by Arthur Tramp—"Tannhauser's Evening Star" and "If Roses Could but Speak Love" by Rodominsky—were exceptionally well rendered. In the absence of Mrs. Karr-Laughton, Miss Cree Diener sang "Perfect Day" in a very acceptable manner. The gram closed with a very pretty organ and piano selection by Miss McKay and Miss Clara Sorensen.

To this writer the recital proved very enjoyable, there was not a trifle moment, and he would urge more recitals and concerts by local talent, knowing that a course of such would surpass the musical numbers in the regular entertainment courses with which we have been provided for in years past.

Card of Thanks.

Cheapest Washing You Ever Did

One cent an hour for washing and wringing. That's the average cost for current. Sometimes it's less than that. And this machine really washes. It doesn't merely "swash" the clothes around in a mass. Its backward and forward motion thoroughly mixes the suds with the clothes—every inch of them—and the result is a clean, white, sweet-smelling washing. You don't have to hand-rub a stitch. It never harms the finest laces. The dolly and interior walls are entirely free from anything that would catch the smallest thread.

Saves Time and Labor

It washes in but a mere fraction of the time required by a hand washer; and so makes washing an ordinary task. Easy to operate. Just screw the plug into your light socket, turn the switch and there you are. Always ready. Cost stops when it does. Electric mechanism and gears entirely enclosed. Has castors and ball bearings.
