The course is in charge of Miss Mary Rokahr and Miss Maude Wilson, the latter a teacher in the North Platte schools a number of years ago. The subjects treated covered about everything connected with the home—foods, and their preparations, garment cutting and fitting, kitchen equipment and labor-saving devices, the child welfare movement, and what Nebraska women are doing along the lines of better living.

Model Store in the Schools

A model store was installed in the fifth grade room of the Lincoln school this week. The shelving and counter was made by the janitor and the stock of goods was secured by Supt. Tout from an eastern publishing house which has interested itself in the installation of these model stores in a number of picked schools. Packages, cans, cartons, boxes and bottles, made up in dummies by manufacturers of standard goods are placed on the shelf and the store is opened. Sales are made, bills figured, invoices are made, change is computed and other operations of arithmetic are made real by actual business practice. One member of the Board after examining into the work of this innovation and inspecting it carefully declared that it is the most practical thing he has seen in schools. Miss Doran is working out the plan first but other rooms will be given a chance to have it later.

Death of John B. Murphy.

The sudden death of John B. Murphy on Thursday morning was a shock to the entire community.

Death came without warning, as he left his home in the best of health and cheerful spirits, shortly after seven o'clock, to begin his duties for the day in the Union Pacific round house where he had been employed for several years as a machinist. While on his way to work he met and conversed with several friends and had just entered the building when the summons came, and he fell unconscious before he had changed his street suit to his working clothes, or placed his lunch box in the cupboard. His fellow-workmen quickly rendered their assistance, but the spirit had taken its flight and he was removed to his home on east Third street.

Mr. Murphy was an ideal husband and father, an upright, honorable citizen, and a faithful member of the Catholic church and Knights of Columbus. Of a quiet, retiring disposition, he was a valuable employe and made many friends. Of him nothing but what is good could be said. The remains will be taken to Creston, Ia., Sunday morning and the funeral held the following day.

John Bernard Murphy was born in Carbonale, Pa., June 30th, 1851, and resided there for a number of years, later locating in Aurora, Ill., and thirty-five years ago became a resident of the city. In October, 1886, he was married to Miss Panay Kennelly, of Creston, Iowa, who survives him. To this union were born three children, Miss Loretta, of this city, and twin boys who died in infancy. Other relatives are his brothers Joseph L. Murphy, of this city, Frank Murphy, of Arlington, Washington, and sister, Mrs. H. I. Smith who resides here.

LADIES ARE ENTERTAINED BY EPISCOPAL CHURCHMEN

The Episcopal church basement was the scene of a very enjoyable gathering Wednesday evening when the men of the church entertained the ladies of the church at a supper. Fully one hundred ladies were present and served with a splendid supper prepared by Mrs. James Hart and served by thirty-five men. During and after the supper selections were rendered by a four-piece orchestra and a number of stunts were pulled off by some of the comedians who assisted in the serving—in fact the ladies were kept well amused every minute from seven to half past nine. The throwing of ribbon streamers, the blare of horns—one of which was placed at each plate—the frolicsome play with toy balloons and selections by a company of male singers furnished the after-supper amusement, and the crowd was about as jolly as possible. The ladies unanimously requested the men to make the supper an annual affair.

Such gatherings as these—the mingling of the people of the parish; the "rubbing of shoulders" and the hearty greetings—is certain to awaken interest in church affairs and arouse enthusiasm among the workers—an exemplification of the "get-together" spirit and the influence for good which comes from "mixing." The committee in charge received many compliments for the success of the evening.

Drama Sermon at Baptist Church.

Sunday night another drama sermon will be given at the Baptist church. This sermon will be the heaviest of its kind which the pastor has undertaken. It requires nine characters for the drama. This sermon will be historical and will relate in drama form the persecution which the Christian church underwent during the reign of Nero, A. D. 64. The sermon will be given in the four following scenes: I, A morning in the court of Nero; II, The despair of the church; III, the decree, "Worship the Cult of the Emperor;" IV, Martyrdom and Victory. A great lesson in church history will be taught by this sermon. All not worshipping elsewhere are invited to hear this address.

Little Pigs Need Sunshine

U. S. Farmers' Bulletin No. 438 says, "The piggery must have (1) direct sunshine on floor of every pen at farrowing time, (2) fresh air, (3) warmth, (4) freedom from drafts, (5) dryness, and (6) enough space for exercise."

Building Hog Houses Right

makes hog raising more profitable. The notion that anything is good enough for hogs, is out of date. There is no animal on the farm which requires better protection from the cold—nor for which a good bed is more necessary.

Calves and colts have good fur coats to protect them from the cold, but a pig has almost nothing between his skin and the weather.
