Cheapest Washing You Ever Did

One cent an hour for washing and wringing. That's the average cost for current. Sometimes it's less than that. And this machine really washes. It doesn't merely "swash" the clothes around in a mass. Its backward and forward motion thoroughly mixes the suds with the clothes—every inch of them—and the result is a clean, white, sweet-smelling washing. You don't have to hand-rub a stitch. It never harms the finest laces. The dolly and interior walls are entirely free from anything that would catch the smallest thread.

Saves Time and Labor

It washes in but a mere fraction of the time required by a hand washer, and so makes washing an ordinary task. Easy to operate. Just screw the plug into your light socket, turn the switch and there you are. Always ready. Cost stops when it does. Electric mechanism and gears entirely enclosed. Has castors and ball bearings.

Street Paving Specifications.

At a meeting of the city council this evening specifications for street paving will be presented by City Engineer McNamara for consideration and adoption by the council.

The new water ordinance will also be introduced but whether it will pass as drafted is not known.

Claims on file will probably be allowed, and altogether a busy session is promised.

The North Platte-Maxwell Road.

In speaking of the new road which is to be built between North Platte and Maxwell, Commissioner Springer said yesterday that it would be impossible to begin work before July or August on account of the low wet ground over which it passes. "This road," said Mr. Springer, "will be the first road built to grade in the county. The county surveyor will establish the grade, set his stakes, and the dirt will be built up to that grade. Where the land is low, instead of taking the dirt from the sides and making ditches, the dirt will be hauled. By doing this the ditches will have a flowing grade and water will run off and the road be perfectly drained at all times."

Death Follows Accident.

Jack C. Wells who was injured recently in an automobile accident near Lewellen died yesterday morning at two o'clock at a local hospital. For ten days after the accident he took treatments at Lewellen and it was then advised to remove him to this city although little hope was held out by the attending physician. The young man was twenty-six years of age, the son of Henry Wells of Lewellen where the remains were taken for interment. The accident occurred about two weeks ago when the car in which Mr. Wells and a party of friends were riding skidded and threw them out pinning him underneath until assistance came and causing internal injuries.

Corn Varieties in Western Nebraska.

Preliminary results from variety tests of corn conducted at the North Platte and Mitchell as well as other experimental stations seem to indicate that U. S. Selection 133, a yellow dent corn; Marten's white dent; and White Australian are varieties which are well adapted to this part of the Great Plains area and good varieties for western Nebraska conditions. The White Australian variety, which is a flint corn, is pointed out as being deserving of further trials, especially where corn for hogging off is desired. Of the varieties tested, the medium early seems superior to the very early or to the late ones.

School Population.

In a special report to the board of education made by Supt. Tout, it is shown that in 1906 the number of pupils of school age in the North Platte district was 1,126. In 1910 the number had increased to 1,413 and in 1915 the number enumerated was 1,728.

Perhaps this is about the best index of the growth of the population of the city. Figured on a conservative basis our total increase in population during the ten years was 2,406.

Mrs. Fisher and daughter Marguerite have returned to their home in Denver after a visit with Mrs. J. J. Gettman.

Mrs. W. J. Splinter, of Lewellen, formerly Miss Mata Rumbaugh, is expected here this week to visit the Langford family.

Mr. and Mrs. H. N. Smith, who accompanied the remains of the late John Murphy to Creston, Ia., are expected home tomorrow.

Petitions are being circulated in the Fourth ward nominating W. H. Ingles for councilman. Nearly 200 signatures have so far been attached, which can be taken as evidence of his popularity.

Master Harold Steinhausen is a patient at the North Platte General hospital having sustained a broken arm at his home in Sutherland Saturday and was brought here that evening.

The Presbyterian ladies will have a "Parcel Post" sale at the church basement, Mar. 16th in connection with the regular aid society meeting. These parcels have not been opened and have name of sender on package. Price 25 cents.

Chas. H. Smith, a pianist of recognized ability arrived this week to spend the spring and summer on the farm with his parents who reside northwest of the city. Mr. Smith is well known throughout the state for his brilliant concert and professional work.

McKELVIE FOR GOVERNOR.

His Legislative Experience.

Of all the candidates for governor it is generally admitted that S. R. McKelvie is best fitted for the place in point of legislative experience.

He served one term as a member of the house of representatives and one term as lieutenant governor. This gives him a practical knowledge of both the legislative and executive branches of state government. Not only that, but his record in both places was entirely above reproach. He was found at all times active in the interests of the people. This is one of the many reasons why he is usually referred to as The Popular Candidate.

Obituary of Miss Mylander.

Emily Mylander was born in Stockholm, Sweden, Sept. 1, 1836, and died at the home of her brother Claus Mylander, Feb. 29, 1916, age 80. This dear sister was given ten years more than them well for her life was one of devotion and sacrifice.

Fifteen years before she left her native land she cared for her widowed mother, and after her mother died she came to America where she had relatives living. She found upon her arrival that the wife of her brother (Claus had died and left a family of small children. She stepped into the breach and became a mother to the children. Her worth as a mother to them is shown in the love and affection which these children, now grown, show for her.

This sister was a ohme-body and felt it her duty and privilege to care for the home. Everyone about her loved her, and her life was a benediction to all who were acquainted with her. After the children were grown and had left home they always felt that auntie had grown dearer and sweeter to them. Her hair was whiter, her step a little more feeble, her spirit and her personality grew sweeter and sweeter. It seemed hard to give her up, and when the dear ones felt they could hardly do it. Her words were "Hills will be done." The last words she spoke were these: "Thou your sins be as scarlet, they shall be as white as snow." Heaven gates came ajar, earth gates were closed. Heaven is richer, earth is poorer. But her memory shall be a halo about all who knew her urging all to a better and holier life. XX
