

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make It Soft, Fluffy and Luxuriant—Try the Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any store and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all. Adv.

Hair Turns White in a Night.

That hair ever turns white in a single night has been emphatically denied by some doctors, in spite of historic instances—such as that of Marie Antoinette—to the contrary. But Doctor Lebar called the attention of the Societe Medicale des Hopitaux of Paris to an actual case. It was that of a young French soldier who was blown into the air by a mine and buried in the earth, from which he extricated himself with difficulty.

The man was deafened by the detonation, his face was burned, and there were several bruises on his head. He was taken to a neighboring hospital, where the following day he noticed four islets of white hair on the fronto-parietal-occipital region of his head. The loss of color was complete from the roots to the ends of the hairs, and the white hairs were as firmly in his scalp as their brown neighbors.

Considerable of a Snub.

Mr. Asquith recently administered a grim snub to a certain M. P. Some time ago, on the death of a noted public man, there was a great deal of gossip as to who should succeed him. The M. P. in question had a friend whom he wished to get the appointment, and determined to be first in the field, he went to Mr. Asquith on the day after the late holder of the post had died. "May my friend So-and-so have Mr. Blank's place?" he asked, eagerly. "He may," answered Mr. Asquith, gravely, "if he thinks the coffin will fit him comfortably!"—London Mail.

Neutrality.

"We are maintaining a strict neutrality."

"Hardly! We are praying that the right side may win and are quite convinced as to which is the right side."

Girls will be girls—if they can't be married women.

Man is a mister; woman is a mystery.

Potters are not the only people who make family jars.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.—Adv.

There are more than 7,000 men in Paris who are blind as a result of injuries sustained in the war.

Her Idea.

"Do you think Cholly Primrose ever thinks?"

"If he does, he takes pains to hide it."

Barred Out.

Husband—Have you called upon those new people yet?

Wife—No, we can't associate with them. I was saved from doing it in the nick of time.

Husband—What happened?

Wife—Why, by the merest accident I heard that they run an open car all winter.—Judge.

PROVEN SWAMP-ROOT AIDS WEAK KIDNEYS

The symptoms of kidney and bladder troubles are often very distressing and leave the system in a run-down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles.

Dr. Kilmer's Swamp-Root which soon heals and strengthens the kidneys is a splendid kidney, liver and bladder remedy, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who use it.

A trial will convince anyone who may be in need of it. Better get a bottle from your nearest drug store, and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

No Barber Bill to Pay.

There is a barber's shop in Cape Town at which Sir Leander Starr Jameson can always have a haircut and shave for nothing. Years ago "Doctor Jim," then in practice, attended the barber's wife during a dangerous illness. Though his skill she recovered. The husband was deeply grateful; but he was not in a position to pay. Instead, he offered to give "Doctor Jim" a free haircut and shave for the rest of his life. Whenever Sir Leander is in Cape Town he goes to the shop, and the barber carries out his bargain.

Unpleasant Outlook.

Firt Tommy (in the trenches)—Wot'cher lookin' so blue abah, Bill?

Second Tommy—Jest got a letter from the missus, ter say er sister is puttin' up wiv'er and 'as got the measles. It ain't 'arf a go, it ain't, wiv me goin' 'ome on leave tomorrow, and a dangerous trouble like that in the 'ouse.—London Opinion.

The Soldier's Estimate.

A member of the first Canadian contingent, writing home, says: "I guess the first seven years of this war are going to be the worst."—Canadian American.

How to Talk to the Wounded.

"What the boches can't stand, you know, ma'am, is cold steel."

"Yes, I suppose it gets ery cold this time of the year."—London Punch.

GAS, DYSPEPSIA AND INDIGESTION

"Pape's Diapepsin" settles sour, gassy stomachs in five minutes—Time it!

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it. Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any dealer and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

Americans Great Match Users.

"Every man, woman and child in this country uses an average of ten matches each day," remarked J. A. Hunter of New York, representative of a large match company. "It is estimated that the match manufacturers of the United States turn out every day more than 1,700,000,000 matches. Of this output 1,000,000,000 are consumed in this country. Our people have come to be very extravagant in the use of matches. A decade ago a pipe smoker might keep his pipe going by way of the kitchen fire and a pipe lighter; today he wouldn't think of it. The greater use of cigarettes also has increased the consumption of matches, as have gas and gasoline stoves, which are continually turned on and relighted."

"There has been an increased manufacture of patent lighters and a new style of gas stove with patent lighter attached, and these have helped to cut the sales of matches, but only to a small extent."

Knew the Drama, Too.

Father, in the hall, has been standing for an hour while Millicent and Harold bid each other good night in the doorway.

"Parting," quotes Harold, "is such sweet sorrow that I could say good-night till!"

At this speech father gets a Shakespearean inspiration of his own and tramps down the stairs.

"Seems to me," he asserted, "there is too much adieu about nothing here."—Philadelphia Ledger.

Explained.

The Ancient Mariner shot the albatross.

"I mistook it for a neutral canary," he explained.

Theodore Roosevelt was the youngest man ever elected to the presidency of the United States.

All things come with the waiter who serves an order of hash.

POULTRY

QUALITIES OF THE LEGHORNS

Birds Are So Active That They Maintain Good Appetite—Easily Kept in Good Health.

Leghorns are so active that they maintain a good appetite and will stand the heavy feeding necessary to heavy egg production. Eggs cannot be made without feed. The laying flock is easily kept in health by an occasional cleaning medication, and there is nothing happier than a big flock of Leghorn layers, as their continual "singing" makes evident.

I trust I have said nothing to hurt the feelings of those who favor other breeds, says a writer in an exchange.

Flock of White Leghorns.

All the standard fowls have their merits, and for a door-yard flock I would choose one of the heavy breeds. A Leghorn chick can be brought to a broiler size in a hurry, but the gain in weight is not so rapid beyond that stage.

I have known pure-bred Leghorns not to average four dozen eggs a year, so there is no safety in mere name. It's the breeding that counts, and Leghorns can be brought to very high egg production and held to it. Do not carelessly interbreed strains. Find a good one and hold to it.

FIND THE QUALITY OF EGGS

Cornell Agricultural Experiment Station Recommends Candling as the Best Method.

The quality of eggs depends not altogether upon the length of time they have been kept, but quite as much upon the conditions to which they have been subjected between the time of laying and of their final use. Moreover, the quality of an egg may be affected to some extent by the foods eaten by the hen which lays it, and possibly by the season of the year when it is laid.

All these points and many others are discussed in a bulletin on the interior quality of market eggs, issued by the Cornell agricultural experiment station, which explains the process of egg production and the structure of the normal egg. It tells also how the interior quality of market eggs may be studied and advocates candling as the best method. It gives directions for candling and instructions for making candling devices.

FEED GREEN FOOD AND GRIT

Almost Anything Succulent Will Answer Purpose—Variety Is Desirable During Winter Months.

It is important that some kind of green food should be supplied when the hens are confined. Almost anything succulent will serve the purpose. It is not desirable to depend entirely on clover and alfalfa in winter. Cabbage, rape, mangel, potatoes, turnips, or even ensilage should be provided for variety.

Little attention need be given to supplying the hens with grit while on the range. In winter or when in confinement, grit in some form should be supplied. Lime is also needed for shell material. For this purpose oyster shell is excellent.

Storing Eggs for Hatching.

In storing eggs for hatching, avoid too low or too high temperatures. About 45 degrees is the best temperature. Then avoid too much handling. We have strong doubts about the advantage of turning them while in storage. Any advantage in it, we think, is offset by the risk of soiling the eggs and closing the air-pores.

Waste and Injury.

A surplus of foodstuff fed to a fowl, or an animal of any kind, above that digestible and convertible to its needs, is a waste of food and an injury.

Keep Hens in Laying Trim.

It is just as important to keep a hen in laying trim as it is to coax the dairy cow to keep up her flow of milk.

Old Geese Most Reliable.

Old geese lay a greater number of larger eggs and are more reliable than young geese.

Manure Is Valuable Asset.

The poultry manure is a valuable asset. The most satisfactory way of storing it is in barrels.

MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour!

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

Exceptions.

"Women have no idea of applied science in ordinary life."

"How about chemical blondes?"

The Reason.

"Why do they call a baseball the sphere?"

"Because it is whirled."

Good Advice.

"I intend to bag an heiress."

"Look out that she doesn't give you the sack."

Men can't understand why women worry over trifles and women can't understand why men do not.

A Question.

"This is the 29th of February, isn't it?"

"It is."

"There's one thing I can't figure out."

"What is it?"

"Where was I this day a year ago, and what was I doing?"

Close B. Palmer has been leader of a church choir at Maple Grove, Tenn., for the past 58 years.

A mule has one admirable trait; he refuses to stand for battery.

Keep up Your General Health

Watch your health this Spring and be on guard against an attack of Spring Fever, Biliousness or a general run-down condition.

HOSTETTER'S Stomach Bitters

is a splendid medicine for the Spring months. Try it.

PARKER'S HAIR BALM

A toilet preparation of merit. Helps to eradicate dandruff. For restoring color and beauty to gray or faded hair. Sold by all druggists.

W. N. U., OMAHA, NO. 13-1916.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. YOST, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUERING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

FARMERS ATTENTION!

Insure your crops and farm property against HAIL, FIRE, LIGHTNING, TORNADO and WIND-STORMS in the Old and Tried UNION FIRE INSURANCE COMPANY of Lincoln.

Our new rates and plan of payment will make it worth your while to see our local representative first. 28,000 satisfied Nebraska farmers testify to our honorable dealings of more than a quarter century. Send for booklet containing a list of 2,000 individual losses paid in the year 1915

AGENTS WANTED IN OPEN TERRITORY

For Growing Children there is no better food than

Grape-Nuts

with cream or good milk.

Many diseases of childhood and youth are due to faulty diet—a diet that restricts the amount of needed mineral salts, the lack of which, as your family physician can tell you, often leads to rickets and other diseases of mal-nutrition.

Grape-Nuts, made of whole wheat and malted barley is rich in these vital mineral elements so necessary to health.

This food tastes good, is easily digested, and many letters from parents, after trial, testify

"There's a Reason"
