GETTING READY FOR THE BASE BALL SEASON.

Arrangements for the opening of the base ball season in North Platte is well in hand, and will be in the pink of condition by the time the call of "play ball" is made.

The park is being put in fine condition. The outfield has been plowed, leveled and rolled, a new wire fence has been stretched, the wooden fence painted, the grand stand remodeled and the bleachers enlarged.

Manager Gettman is gradually surrounding himself with what promises to be a very fast team. On the pitching staff is Totenhoff of Columbus, Walworth of Norfolk and Andrews of Omaha; catchers are Ransey of Norfolk and Ross of Omaha; Carl Lindstrom of Columbus has been slated for short stop, Manager Gettman for first, Bert Simmons of Stockville for second, John Amen or Harold Langford for third, and Beal, Sandall, Duncan and Brown for the outfield. This line up gives a sufficient number of subs.

A number of good games have already been scheduled, and with Lexington, Kearney, Grand Island and Hastings with teams on the east, and Ogalala, Sidney, Bridgeport, Alliance and Scotts Bluff with teams on the west, there promises to be no lack of games during the season.

Committees Meet With Success

Several of the soliciting committees for the Chamber of Commerce publicity fund and membership campaign made a partial canvass yesterday and secured nearly \$2,000 in subscriptions. The day was so disagreeably windy that not all the members of the committees ventured out. The canvass will be resumed today.

The North Platte General hospital held its opening Wednesday afternoon. Almost a hundred visitors were shown through the rooms. A demonstration of the X-Ray machine was given by Dr. J. B. Redfield and punch was served to the visitors by the nursing staff. Special rooms have been furnished by the Lady Macabees, Derryberry & Forbes, Dr. V. Lucas and four of the nurses, Misses Seaman, Johnston, Keller and Knox.

While the returns from Lincoln county are so incomplete as to determine Keith Neville's majority in the county, the majority given him in North Platte was 324. Evidently the scurrilous letters written by J. H. Edmisten and his little clique of friends had no more effect on Neville in North Platte than in other portions of the state.

Conductor Dentler has purchased a light six Apperson car from the local dealer, E. M. Smith.

WELLFLEET BOY KILLED BY LIGHTNING WEDNESDAY.

Edward, the ten-year old son of Mr. and Mrs. Joseph McMichael of Wellfleet was struck by lightning Wednesday morning and instantly killed. The boy with many other children was playing in the school yard when an electric storm arose and they rushed into the school house for shelter. Edward remained in the entrance for a few minutes directly under the bell which was suspended by a large wire. The lightning struck the wire, cracked the bell and the boy was struck on the left side of the head the current passing through his body and tearing off his left shoe. Several other children in the room were stunned but not seriously injured. The boy was a bright, studious and lovable child, a general favorite with his class mates and teacher and his sudden death is deeply felt by them. Besides the bereaved parents he is mourned by several brothers and sisters, among them Miss Erma McMichael bookkeeper for Howe & Maloney Company of this city.

The funeral services were held at the Wellfleet Baptist church this morning.

William Keegan waived a preliminary hearing in the county court yesterday morning. He was charged with stealing a punch bowl and glasses from the Lloyd opera house recently. He was bound over to the district court in the sum of five hundred dollars and given three days to raise that amount.

You Can Bank by Mail

IN THESE MODERN TIMES

Modern banking methods have kept pace with modern farming methods.

The automobile, the telephone and the rural mail man, all tend to make business transactions shorter, quicker, more easily completed.

Likewise, a Check Account with this strong, accommodating bank permits a saving of time to the farmer and business man without sacrifice of safety or convenience.

We find that customers that bank here and pay-by-check are making the most of the modern convenience,—the auto, the telephone, the rural mail delivery.
