## Free Employment Bureau to be Opened

Secretary Fisher, before leaving for Alliance, made final arrangements to open up a free employment bureau at the Chamber of Commerce headquarters in the Building & Loan building. Mr. Farmer, if you want help phone the office and make your want known. Those who want work can leave their names with the secretary and no fee will be charged.

It was also decided to have a classified list of all business and professional men placed in the ladies' rest room and also the farmers' exchange showing firms that are supporting the Chamber of Commerce. In this way visitors and farmers and their wives will know the public spirited men who are donating towards the expense of these rooms.

The articles donated for the base ball fair were placed on display in the Derryberry & Forbes show window yesterday afternoon. The display equals that of a department store.

Easter services at the churches attracted large attendances at both the morning and evening services. Flowers and potted plants were lavishly used for decorative purposes and special musical programs were rendered by the choirs. Pulpit themes were in touch with the gladness of Easter day. The weather was fine during the day.

## STATE CONVENTION P. O. CLERKS MEETS HERE NEXT YEAR.

On Arbor Day, 1917, North Platte will entertain the state convention of postoffice employees. This is an annual meeting that is attended by a hundred or more delegates who come from all parts of the state. The convention was held at Hastings last Saturday, and O. R. Robinson, J. W. Tucker and Fred Peterson, of the local postoffice, were sent down by the Chamber of Commerce with instructions to secure the convention for North Platte next year. Through the efforts of these delegates, backed by a number of telegrams sent by local business men, the convention voted to hold its 1917 meeting in North Platte.

This is evidence that the Chamber of Commerce is starting out its new year with a display of energy that presages a year full of good things for North Platte. Every male resident of North Platte should back up the Chamber of Commerce by taking out a membership ticket.

**Elect Fisher Secretary.**  
At the noon luncheon held by the directors of the Chamber of Commerce and the soliciting committee—at which each fellow paid for his meal—W. D. Fisher was elected secretary for a period of three months. This short period of employment was at Mr. Fisher's suggestion. If at the end of that time he cannot make good, and show the people that he is worth the salary he draws, he will give up the position willingly. Mr. Fisher left for Alliance last night and will return May 5th to take up his duties as secretary. For two years he has been secretary of the Alliance commercial club but resigned in order to take up the work in some larger town. Mr. Fisher has been in town for ten days and during that time he has proven a wonderful hustler and a level-headed man.

## PUBLICITY CAMPAIGN FUND PASSES THE \$1,000 MARK

Up to last evening the campaign for members and funds for the Chamber of Commerce totaled \$4,191.00, with 203 members signed up. At this rate there is no reason why the funds should not reach the \$7,000. Twenty-two business men have paid their whole year's dues in advance which shows they believe in the new policy of the present officers and the work they intend to do. The total cash collected is \$1067.75 and several of the committees have not reported up to date.

Friday was the only day real work was done, for Thursday was a bad day and Saturday everyone was busy with their own business so the directors have decided to continue the campaign until every member has been solicited. Several of the business and professional men have called at the office and signed up without being solicited, and if you have not signed up now is the time to show your faith in North Platte.

The Chamber of Commerce has landed one state convention on the start. Next month the State Historical Society will visit North Platte, and in June we will entertain the State Spanish War Veterans, so every one should get behind this proposition and boost. At the noonday luncheon at the Owl Cafe where the membership teams took dinner yesterday it was made known by Union Pacific officials that if North Platte would get busy and show the proper co-operation she could have an industry that would be one of the biggest things for North Platte in her history, and there is need for a strong Chamber of Commerce in this city.

## Boring for Oil in Frontier

Down in Frontier county where they are boring for oil, the Faber says William Scott, a brother of the Mr. Scott who was there recently securing oil leases, arrived the first of the week. He brought word from the promoters that the drilling machinery, etc., had been shipped and that "work would begin sooner than you think for." Mr. Scott is to remain on the job until drilling has commenced. The Faber is not informed as to where work will begin. The Zimmerman company in Garfield precinct is still drilling, being down over 800 feet. It is reported that all indications are favorable for striking oil.
