

Eye comfort for reading and distance

KRYPTOK Glasses are a wonderful convenience to middle-aged men and women who wear glasses.

You can see both near and far objects through KRYPTOKS with equal distinctness. Yet KRYPTOKS cannot be distinguished from single-vision glasses.

KRYPTOK GLASSES THE ONLY INVISIBLE BIFOCAL

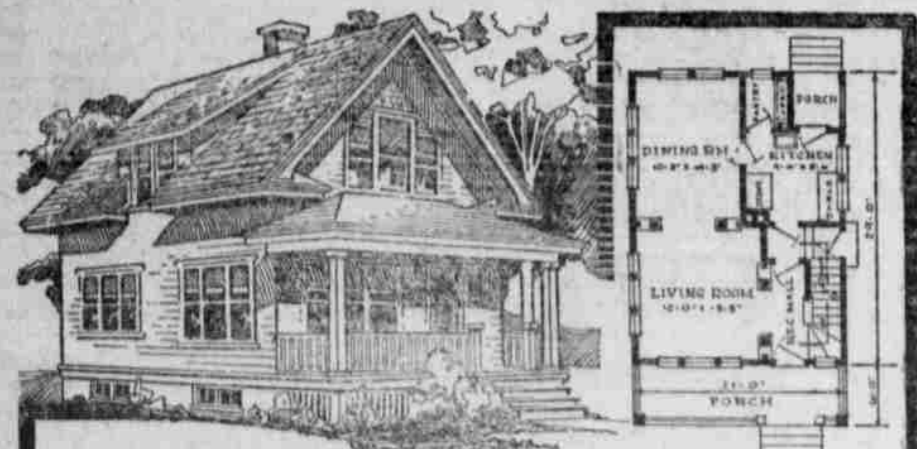

end the nuisance of removing your reading glasses every time you look across the room or at a distance. They relieve the tiring strain upon your eyes caused by frequently looking through your reading glasses, at objects three or four feet away.

KRYPTOKS are solid lenses without seam, line, or blur. They are the only bifocals with smooth even surfaces--no age-revealing, vision-blurring lines, seams, or shoulders.

Leaves Nothing to be Desired

Here's a home to be proud of! Notice how pleasing the exterior appearance is. It's simple, yet not too plain. Now look at the first-floor plan. Doesn't it just about tell the whole story for a complete arrangement of rooms downstairs? The living room and dining room are fine large rooms opening into each other. The pantry and kitchen are arranged to the housewife's convenience--they save many a step in the daily work of preparing the meals. All the rooms are well lighted and well ventilated. Come in and let us show you the second floor plan of this home. We can also show you designs of other modern homes that can be built at a very reasonable cost. It's no obligation on your part. Our complete plan illustrations are at your disposal.

BIG FAIR AND CARNIVAL OPENS TOMORROW EVENING

After nearly a month of energetic work, the committees having in charge the big base ball fair and carnival announce that everything is in readiness for the opening tomorrow evening at the Lloyd opera house. That it will be the biggest event of its kind ever pulled off in North Platte is assured; not only will the articles offered for sale be much larger than ever before, but the amusement features will be worth just five times the price of the admission charged.

The entertaining features, which will be given on the stage, include Bill Tilley's menagerie, Porter's Ruff House, Fatima, the Dancing Girl and the Crazy House, each of which has been prepared with great care and include some very clever specialties. These stunts will be put on each evening, and in addition there will be a broad sword fencing contest on the opening night.

The articles offered for sale will range from silk dresses to clothes pins, and include cut glass, many articles of needle work contributed by ladies, auto tires, hams, sacks of flour and other articles, in fact there are hundreds of articles to be sold. A bevy of pretty girls will sell these articles.

Wednesday night there will be a voting contest for the most popular telephone girl, Thursday night the most popular clerk or stenographer will be in the contest and Friday night the contest will be on the most popular high school girl. The winner of each evening will be given an appreciated prize.

Each evening there will be dancing, for which numbers will be sold.

An admission of ten cents will be charged everybody, but the stage shows will be worth five times the admission price.

Funeral of Steve O'Connell.

The remains of Steve O'Connell, who was killed in a railroad accident at Ruth, Ore., last week, was brought here Friday evening accompanied by William O'Connell, of this city, who had gone to Oregon for that purpose, and the funeral was held Saturday afternoon from the home of the latter. The services were conducted by Rev. McDaid and were in charge of the local trainmen. Interment was made in the Catholic cemetery. The deceased was a former resident of this city and had resided at Ely, Nevada, for the past twenty years. His sister, Mrs. Whittemore and son James, of Chicago were here to attend the funeral.

Many Attend Firemen's Ball.

The twenty-ninth annual ball of the North Platte Volunteer fire department was held at the Lloyd opera house last evening and the attendance was unusually large. Four hundred tickets were disposed of previous to the dance and a large number sold at the door last evening. The capacity of the gallery was taxed with spectators and the floor comfortably crowded with dancers. Stamps' orchestra gave an enjoyable concert from 8:15 until 9 p. m. after which a program of the new dances was enjoyed until one o'clock. During the evening refreshments were served at a booth erected in the southwest corner of the hall and all who attended report having spent a very enjoyable evening. Cy Russell acted as Master of Ceremonies and the success of the ball is due to him and his staff of assistants: Ray Tighe, Joseph Baskins, Ford Dick, Lewis Johnson, W. J. Landgraf and Fred Peterson.

FORD WILL ACCEPT IF PEOPLE WANT HIM.

Henry Ford, the man who leads Cummins in the vote for presidential preference among the republican voters of Nebraska, announced in New York Sunday that he would accept a nomination for the presidency "if the people want me." "One thing I am absolute sure of in this respect," declared Mr. Ford, "and that is I shall not finance any third party--not with one cent. Should it be made evident that I am wanted, that is a different matter." Mr. Ford expressed the opinion that the office should seek the man rather than that the man should seek the office. "I am not a candidate for the presidential nomination," he added. "I cannot regard myself in such a light. I regard it as a joke only. It is a very serious question as to who the joke is on."

BARNES CIRCUUS WILL BE HERE MAY 18th.

The circus is comin' to town, to town. Yes, siree. And within the next few days, a gaily decorated car will roll into town, and the army of advertising men that go along with it will scatter and post flaming pictures of lions and tigers, elephants and camels, and ponies, and parades, and all the things that make one wish the day would hurry up and get here.

And which one is it? Why, the Al. G. Barnes big four ring wild animal circus, of course, and its going to be here Thursday, May 18th.

So says Murray A. Pennock, general contracting agent who was here yesterday arranging the preliminaries. A busy man, is this circus agent for upon him falls the task of making contracts for the licenses, the show grounds, space on the billboards for the circus pictures, water and feed for the animals, and food for the show family of five hundred people. Livery rigs must be engaged to take the bill posters out into the country and last but not least, calls on the newspaper boys and says "howdy."

"When the show comes this year, we believe we will show you more new, novel, sensational, thrilling and amusing feats than you ever saw under a canvas in your life. The whole program was made over this season--its entirely different. Educated animals give the performance--we're still a wild animal circus, the largest of that character in the world.

"Lions, tigers and bears do the 'thrillers' on the program, great groups of them--30 full grown African lions being performed in one act. You'll shiver when you see the peril of the one trainer who mingles with this bunch of man-eaters.

"The cutest act of the show is the troupe of trapeze performing monkeys. Bet you never saw an act like it! And the clown pigs too, they'd make a cigar store Indian laugh. The sixteen champion dancing horses, doing the Tango, the Maxixe, the Jitney Struggle, and--

"But Jimmy crickets, I must hurry along its nearly train time and I've got to buy hay for the elephants yet. Adios, see you next year."
