A. Lovestadt, for many years a resident of Medicine precinct, who removed to California a year or so ago, is back in Lincoln county on a visit. He lived through the dry years in Lincoln county, but he says conditions then were not as bad as they are in California today. Laborers on farms and fruit ranches can be secured for a dollar a day and board themselves, and there are many more times than there are jobs. Mr. Lovestadt advises laborers to steer clear of California.

ANNUAL MAY PARTY OCCURS MONDAY EVENING.

Monday evening, May 1st, is the date for the thirty-fourth annual May Party of the Brotherhood of Locomotive Engineers and the Lloyd opera house will present a picture of unusual splendor at that time. The number of tickets sold is a guarantee that the attendance will be unusually large, and the presence of local residents will be augmented by a large number of out-of-town people who will come to share in the festivities. Many former North Platte people in arranging to visit their old friends select the date of the May Party for their visit.
The committees in charge of the May Party will present for the entertainment of their guests a concert program by the Stamp orchestra, a nicely decorated hall, good music for the dancers, and a reception committee that will aid every attendant in having a good time.
If you fail to attend the May Party you will miss an evening of satisfying enjoyment.

Notice.
To our patrons and friends:
Owing to the continual increasing business we find it necessary to take into the business another partner and very fortunately have secured Mr. Newton E. Buckley, who is well and favorably known by many of the citizens of North Platte, Lincoln county, and in this part of Nebraska, hence needs no recommendation from us.
Mr. Buckley expects to join us about May 1st, 1916, when the firm name will be changed to Bratt, Goodman & Buckley.
We take this opportunity to thank our friends and customers for past favors and solicit a continuance of the same to the new firm whose every effort will be devoted to caring for the interests of our patrons in the proper and careful writing of Fire, Lightning, Cyclone, Tornado and Wind-storm Insurance, also Hall Insurance on growing crops, in the very best old line stock companies, who have never defaulted in paying their losses one hundred cents on the dollar.
We shall continue to write Life, Accident and Health Insurance in old line insurance companies whose reputation and financial standing is beyond question.
In the selling and handling of real estate, making loans on real estate, caring for property of non-residents, we expect to be more active than heretofore.
We shall continue to run an up-to-date, modern real estate and insurance office and handle all lines in connection with the business, promising a square deal for all.
The firm name of Bratt & Goodman is well known, having been in business sixteen years, and gives as reference any bank in Nebraska, also the commercial agencies, and we know the new firm of Bratt, Goodman & Buckley will continue to have the same good record as the years roll by.
Yours very truly,
BRATT & GOODMAN.

Corrects a False Report.

To the Public:
I am informed that a misunderstanding exists regarding the action of the Chamber of Commerce relative to resolutions presented to that body regarding the controversy between the railroads and their employees. In this behalf I wish to state that no action was taken by the North Platte Chamber of Commerce and that the matter has been held in abeyance, pending further data, action having been deferred indefinitely.
The attacks of several local employees upon the Chamber of Commerce and our merchants, with threats to boycott, were unjust and uncalled for. "Dynamiters" simply create discord and trouble. Bury your hammer and pick.
O. H. THORPECKE,
Pres. Chamber of Commerce.

Another case is that of Dr. Cole, of Minature, who was indicted for dispensing morphine without keeping a record of the patients to whom it was administered.
