**BASE BALL FAIR**  
NETS ABOUT \$1,600

Results Please the Promoters and the Hundreds Who Attend Have Three Evenings of Lively Fun

The base ball fair and carnival closed Friday night with receipts that were very gratifying to the management, and the attendants voted the affair a great success as an amusement creator. The last night was the biggest one of the three, the attendance being larger and the receipts greater, the latter amounting to about \$575. All the donations were sold, though it was necessary to push the sales vigorously and the salesladies and salesmen were compelled to use all the persuasive talk at their command.

The diamond ring was won by Merle Maupin, a twelve year old boy. Each ticket sold entitled the holder to a chance on the ring, and Merle held the lucky ticket.

Miss Evangeline Herrod was voted the most popular school girl, with Dorothy Hinman a close second.

The fair was well conducted throughout; it was at all times orderly; she attendants entered into the different amusements with zeal, and the men and women who had charge of the booths and the amusement features gave their best work to making the fair a success.

Business men were generous in their donations, and the receipts were augmented by the liberality of the ladies in donating fancy work and canned goods and jellies.

While the exact figures are not at this writing obtainable, it is known that the net receipts, which include the cash donations, will be about sixteen hundred dollars.

He is survived by a wife, young son, Bradley James of this city and Leo of Brady.

**Some of the Speakers**  
Among the speakers called upon were R. L. Metcalf, Arthur Mullen, Mayor Evans of North Platte and Henry C. Richmond.

"I knew Keith Neville's father and his grandfather before him," said Mr. Metcalf, "and I have watched his development with keen interest ever since he entered the field of politics. I believe in him as thoroughly as the most intimate of his friends, and they are legion. And I believe the coming election will vindicate the judgment of these friends in the state at large."

"The democratic party," said Mr. Mullen, "has chosen a young man to be its standard bearer, and in doing so it has found one whose character is unstained, whose ability has been proven. Never was the party more fortunate in its selection of a candidate, and never has that candidate's success appeared more certain."

**Mayor Evans Talks.**  
Mayor Evans spoke briefly of Neville's life in North Platte and his standing in that community, and Mr. Richmond told of impressions gained there during a six weeks' sojourn preceding the primary election.

Mrs. Richmond graciously consented to sing, and rendered two beautiful solos, which were enthusiastically received.

Mr. and Mrs. Neville returned last night to North Platte and Mr. Neville will enter at once upon the work of his campaign.

**NORTH PLATTERS GIVE DINNER FOR NEVILLES**

Social Affair by Omahans Who Came From the Candidate's Home Town

(Omaha World-Herald.)  
The tribute of friends who had known him from his boyhood, was rendered Keith Neville, democratic nominee for governor of Nebraska, at a dinner at the Henshaw hotel Friday evening, when Mr. and Mrs. Neville were guests of honor.

The dinner was given by the Keith Neville North Platte club of Omaha, the members of which are former residents of Neville's home city. About fifty people were present, including several prominent Omaha men and their wives.

Although it had been intended to make the occasion a purely social function, the enthusiasm of Neville's friends here was such that it could not be repressed, and when several of the distinguished guests were called upon for short talks by Dr. D. T. Quigley, they spoke almost entirely of Neville, his candidacy and his prospects. And the consensus of opinion was that no candidate of recent years has enjoyed a more promising outlook in the race for governor than does Neville.

**Mogul 8-16 Saves Its Own Price In Fuel Bill Reduction**

THAT'S true. A Mogul 8-16 kerosene tractor saves its own price in fuel bill saving, as compared with a gasoline tractor.

Until April 1st the price remains at \$675 cash f. o. b. Chicago. Fortunate early purchases of material still allow you this low figure. After April 1st the price will be \$725, same terms.

At either price the Mogul 8-16 is by far the most economical tractor because it operates on cheap, common kerosene or coal oil. Gasoline to run the gasoline tractor costs over 100 per cent more than the kerosene a Mogul 8-16 will use. Which is best for you?

You know what gasoline costs you, and you know what you pay for kerosene. Figure it out yourself, or see your dealer. This is a saving you can't afford to miss.
