## JOHN SPIES SUES

### U. P. FOR \$50,000

Former North Platte Resident Asks Heavy Damages for Injuries Received Last Fall.

John J. Spies, son of Mr. and Mrs. Joseph Spies, of this city, and a former North Platte resident, filed suit for \$50,000 against the Union Pacific railroad in the district court of Buffalo county Tuesday. The suit is the result of injuries which Spies sustained last fall when he was struck by a motor train, operated by the defendant company. Spies at the time was riding in an auto which was hit by the train.

The accident in which Spies was injured took place at the U. P. crossing at Amherst on November 1. The east-bound motor struck a Maxwell roadster in which the traveling man was making his professional calls. According to the allegations in the petition filed the oncoming train gave no warning of any nature, such as is demanded when nearing a crossing. Spies also makes the contention that his view of the track was hampered by a black-smith shop located just off the track and also that the crossing is a dangerous one because of a large ditch at the base of the tracks.

Spies was seriously injured in the accident and has not fully recovered. He suffered injuries to the spine, permanent injuries to the head, was ruptured and his legs were also badly hurt. He states that at the time he was injured he was earning \$2,000 per year and had prospects of earning \$5,000 per year within reasonable time. Upon these figures he bases his suit for \$50,000, considering that he will be permanently injured and unable to pursue his occupation and profession in his present condition.
