## FARMERS

As a rule, farmers do not keep book accounts. At the end of the year there is no record of the amount spent for labor, seed, implements, repairs, etc. The profits are guessed and the actual results are often far from correct.

Deposit your money in this bank, pay-by-check, and you will always know how you stand.

The check stubs show the amount paid, for what and to whom it was paid, and the date of payment. The cancelled checks are returned to you and are LEGAL receipts when properly endorsed. Open your accounts, now.

## Mogul 8-16 Price Announcement

### The Real Kerosene Tractor

ON and after April 1st the price of the Mogul 8-16 will be \$725 cash f. o. b. Chicago. All sales made and bona fide orders taken up to April 1st will be filled at the present price of \$675 cash f. o. b. Chicago. We want to post you ahead of time on the coming change.

Mogul 8-16, as you know, is the famous tractor that has cut fuel costs squarely in half—operates on cheap, common kerosene or coal oil—doesn't have to be the highest grade either. It pays for itself in the saving over gasoline. That is why the rise in price—necessary because cost of raw materials has risen so high—is of minor importance.

Mogul 8-16 is saving and making profit on thousands of farms of all sizes. It will do much more for you than your horses can. Get in your order now—be ready for spring work. See the dealer who sells the Mogul 8-16.

### BARNES CIRCUS HERE THURSDAY, MAY 18th

The Al. G. Barnes Big 4 Ring Animal Circus is coming, and will give two performances here on the above date.

Practically the entire entertainment provided by this show is given by the use of educated animals—600 in number—animals of almost every known species. The show is still a circus, however, a circus from which all tiresome and objectionable features have been eliminated, but which retains the many traditional elements that for years have made the circus the most popular form of entertainment.

Prominent among the great feature acts presented are Tom, Dick and Harry, juggling horse-riding sea lions; Sampson, the aviation lion, that rides to the top of the tent surrounded by shooting sky rockets; Big Bill the wrestling grizzly; Mlle. Florine and troupe of Persian leopards, jaguars and panthers, Mahle Stark and group of Royal Bengal and Siberian tigers; the horse riding lions and bears; high diving dogs and monkeys, and the Barnes' troupe of educated World's premium horses and ponies—550 of them.

A new big feature, mile-long parade in which four bands play is presented to the public at 10:30. Performances are given at 2 and 8 p. m. Doors open at 1 and 7.

Among the decorations which will be used by smart folk this year, and which are very useful when natural flowers cannot be had, are the paper water lilies and cherry boughs sold in the Japanese shops. These, however, generally go with Japanese crockery and they are most often used at the tea given with the afternoon reception. When real water lilies can be had at the florist's, it is not uncommon to drop one or two in the punch bowl, where they look pretty and suitable.
