**Make Many Loans.**  
 At the meeting of the directors of the Building and Loan Association Friday evening twenty-five loans aggregating \$33,000 were approved and granted. The majority of these loans were made on new houses or secured to make improvements. M. J. Forbes was elected a director to fill the vacancy caused by the death of Major Walker.  
 Hereafter the monthly meeting of the directors will be held on the Friday evening preceding the fourth Saturday. The change was made for the reason that several of the directors are merchants, and it is difficult for them to get away from their business Saturday evening.

**FOR RENT JUNE 1ST.**  
 Modern, six room house, steam heat. To right party will lease this house by year. Situated next to my residence. 37-4 R. N. LAMB.

Miss Ruby Manuel who resigned her position as teacher this year was the guest of honor at a movie party and lunch given by several of the local teachers Friday evening. Miss Manuel will be married in the near future to Hugh Scoonover formerly of this city.

**Ladies Hairdressing and Soft Water Shampoo at Coates Beauty Parlors, 505½ Dewey St., Phone Red 655.**  
 Mr. and Mrs. Walter Kocken spent Sunday in Maywood.

# What Do You Know About The Maxwell Car?

**T**HIS is the time of the year when more people are considering the question of "what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Maxwell.

The generous value offered in the car is so evident—its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason—we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market—broadly speaking. The demand for Maxwells the country over is greater than the supply.

For this reason cars are allotted to dealers by the factory according to the size of the dealer's business.

We want to make a showing and be in a position to get a generous allotment of Maxwells hereafter. Because the more Maxwells are sold in any community, the greater is the future demand. We realize the opportunity to do an ever-increasing Maxwell business.

This is only the first of the several messages we are going to print—a few days apart—concerning the Maxwell Car. But we don't expect to be able to adequately present Maxwell merits in printed words alone.

If you are one who is going to buy a new car you will find it decidedly to your advantage to find out all you can about the Maxwell before you place your order.

Come in and talk it over with us and let us demonstrate the car to you. Then, don't take our word alone, but ask those who now own Maxwells.

Get "posted" about the Maxwell and you will realize more satisfaction and get more "value received" for your motor car money than ever before.

And we are just as willing to have you investigate other cars just as fully as you do ours. The Maxwell will not suffer by the comparison.

Why not start your Maxwell investigation today?
