PAVING OPERATIONS WILL BEGIN NEXT WEEK

Contractor Stack, who has the contract for street paving, came down from Denver yesterday and will remain for a few days making arrangements for beginning the work. He stated that the grading of the streets would begin the middle of next week and following that part of the work the curbing would be placed, and the work of laying the brick would begin shortly after July 1st.

Orders for the brick and cement were placed some time ago and will arrive by the time needed.

Preparing for Paving is Costly.
Water Commissioner Welch says that it has cost the water department about two thousand dollars to prepare for street paving, that is, in doing work before paving that would cost double or treble after the paving is laid. This expense has been incurred in putting in sixteen concrete man-holes along the water mains, in moving fire hydrants inside the curb line and much other work of like nature. In addition to this the new main on Front street was put in at a cost of over \$2,000. This work has placed the water department somewhat "deeper in the hole" financially, but it had to be done.

Not only has preparation for street paving been an expense to the water department, but to the telephone company, which had to move its poles inside the curb line, and to the property owners who took out the old iron service pipe and substituted lead pipe. Taken altogether the preparations for paving have cost fully \$5,000.

Insurance Agency Sold.
To my former Customers and Friends: Finding that the work as Secretary of the Fidelity Reserve Company is going to take up my entire time, I have sold my complete agency of fire, tornado, hail and casualty insurance, including bond business, to Bratt, Goodman & Buckley to take effect June 1st.

I feel confident that this firm will give careful attention to your business intrusted to them and trust that you will continue to favor them with your business as you have done for me. Any changes in your policies will be taken care of by them hereafter.

I desire to thank you for past favors.
C. F. TEMPLE.

Schedule of Ball Games.
The following ball games have been scheduled for the home grounds for the remainder of the month:
Tomorrow—Gothenburg.
June 23—Stapleton.
June 25 and 26—Hastings.
The Hastings team is said to be the strongest team in the central part of the state, and two good games may be expected.

For the game tomorrow Gothenburg has secured several outside players who will materially strengthen their team.

Provide Benches for Park.
The park board has ordered a dozen or more temporary benches for the north side city park for use during the summer and for the accommodation of those attending the celebration on the Fourth. Toilets for men and for women will also be provided and shortly it is expected to erect a band stand similar to the one in the court house park.

The Omaha landscape gardener employed to lay out the park has not yet completed the plans. It is expected, however, that he will forward these plans within the next week.

Million Dollar Rain.
During the past two days rains totaling considerably over an inch have fallen in this section. Early Saturday morning sixty-eight one hundredths of an inch fell, followed by six one hundredths Saturday evening and Sunday evening forty-two one hundredths of an inch fell, a total of 1.16 inches. This has thoroughly soaked the ground, and with the coming of hot weather, which is certainly about due, corn will make great strides.

Christian Science Lecture.
The Christian Science Society of North Platte, Neb., announces a free lecture on Christian Science by Mr. Wm. R. Rothvon, C. S. Guy Swope returned yesterday from Denver where he went to attend the funeral of the late Fred J. Warren as a representative of the local Odd Fellows' lodge. The deceased, who was a former resident of this city, leaves a wife and five children. The oldest has enlisted in the army and government at Scotts Bluff, the next oldest has enlisted in the army and will soon leave for the Philippines. Mr. Warren and three remaining children expect to go to Plattsmouth, where a brother of the deceased lives. Mr. Warren was a member of the Odd Fellows, the Yeomen and the B. of R. T., but during his protracted illness had absorbed practically all the benefits accruing to him.

The Twentieth Century club will hold a general meeting this evening in the Chamber of Commerce rooms to which every lady is invited. Several new departments will be organized and an informal reception held for the past and present presidents, Miss Annie Kramph and Mrs. J. H. Hegarty.

Mrs. Mesdames Charles Blood, of Cheyenne, D. K. House of Rawlins and W. F. Bennett, of Rock Springs who came to attend the funeral of their sister the late Mrs. Marti, returned to their homes Friday.

P. H. McEvoy expects to leave this evening for Lincoln to attend the fourteenth annual convention of postmasters which will be held there for three days beginning this morning.

BUCHANAN & PATTERSON

HUGHES IS NOMINATED ON THE THIRD BALLOT

Charles Evans Hughes, justice of the United States supreme court, was nominated for president by the republican convention Saturday afternoon, and Charles W. Fairbanks, of Indiana, for vice president. Judge Hughes' nomination came on the third ballot, when he received 949 1/2 votes out of a total of 987 cast. Justice Hughes at once tendered his resignation to President Wilson and accepted the nomination.

In the progressive national convention, after four days of tumult, Theodore Roosevelt was nominated, but a few hours later listened without protest to a message from the Colonel stating that he would not "accept at this time."

Colonel Roosevelt's declination was conditional and it was placed in the hands of the progressive national committee to be held until such time as statements to be made by Justice Hughes, the nominee of the republican party "shall satisfy the committee that it is for the interest of the country that he be elected."

Peckham Bequeaths Property.
Joshua Peckham, of Peckham precinct, one of the earliest settlers of that section and the owner of about 3,000 acres of fine farm land besides much cash, has made a division of his property among his relatives and friends. To his housekeeper he gave \$2,000 in cash; to a young man who has made his home with him for a number of years he deeded 80 acres of fine land and to various children and grand children he allotted tracts of land.

Mr. Peckham evidently believes that it is better to make the division of property before he passes away than to have it divided through a will following his death.

To the Public.
If your garbage cans are not in plain sight at the alley, and are not emptied, don't blame the garbage man. They must be kept in plain sight, so that he can see them without taking time to hunt them, and they must be in or near the alley. If you have complaints to make, see me.
W. B. SALISBURY,
Street Commissioner.

For Sale—Two second-hand Ford cars in good condition. Hendy Ogier Company.

The initial concert by the municipal band at the court house park Friday evening attracted a large crowd, and all were pleased with the program, as was evidenced by the hearty applause and the blowing of auto horns. These concerts promise to grow in popularity as the season advances.

Harvey Larson, the sixteen year old son of a farmer near Brady, is a patient at the City hospital where he is receiving treatment for injuries received Saturday. While at work with some of the farm machinery on which he was riding he was thrown off and sustained a broken limb, dislocated shoulder, broken arm and several bruises. He is getting along favorably.

Ben Moffit, a horse buyer of Binghamton, N. Y., met with a peculiar accident east of Kearney Friday. He was returning from a trip in the country in a car and stopped to examine a tire. While thus engaged, the tire exploded and a piece struck him in the face, tearing out his right eye and rendering him unconscious. He was found in this condition by passers-by who took him to the Kearney hospital.
