Martha Johnson, of Hershey, who has been bed-ridden with inflammatory rheumatism for a month past was brought to a local hospital the latter part of last week.

Miss Hazel Smith will visit friends in Wood River this week and next week will leave with Miss Marie Bowen for towns on the branch to visit for several days.

Miss Leo Mavorish, of Stapleton, who has been visiting her sister Mrs. A. J. Frazier will leave shortly for California to spend several weeks. Enroute she will visit in a number of western cities.

Whether young or old—for age is no criterion for the wearing of glasses—if you choose to go year after year, wasting nerve energy and straining your eyes because of some defect, you must expect early decay of your visual sense. Harry Dixon, Jeweler and Optometrist.

**UNION PACIFIC INVESTIGATES WHITE HORSE CREEK.**

The Union Pacific is again investigating the possibility of getting its water supply from White Horse creek. Last Saturday engineer C. P. Ross, of the Omaha office was here, and spent the forenoon taking measurements of the flow of the creek at Lampugh's lake and at different points between the lake and Gannett siding. The fact that the water of White Horse creek contains but ten grains of solids to the gallon, while our city water contains thirty-five grains, is the reason why the company is anxious to get its supply from the creek. Its purity means longer life for the engine fires, less fuel in the creation of steam, and better water for employees and the passenger service.

Such investigation as Mr. Ross made Saturday has been made before—in fact, an estimate of the cost was made several years ago. The cost of a pipe line from Lampugh's lake, the erection of a dam and other adjuncts is placed at \$169,000, this not including the purchase of water rights held by Lampugh, Bratt and others. The fall of the country is sufficient to give the necessary gravity pressure and a pumping plant would not be necessary.

Another plan considered is to place a pumping plant on the creek at a point directly north of the town and pump the water. The gravity system, however, is considered preferable.

The present flow of the creek is just about sufficient to meet the needs of the company, but this flow can be increased by opening up the springs which feed the creek.

**CITY AND COUNTY NEWS.**

Whereupon the board adjourns to Aug. 1 1916.

C. W. YOST, County Clerk.

**F. J. DIENE & CO. Real Estate and Insurance**  
Come and see us for town lots in different parts of the city. Good investments on easy terms. Houses for sale and rent. We have also good bargains in farms and ranches.  
Cor. Front and Dewey Sts., upstairs.

The interior of the room occupied by The Leader Mercantile Co., is being re-arranged. The broad stairway leading to the second floor has been taken down and removed to the rear, thus providing additional space. New shelving and cases will be installed.

**CHAUTAUQUA HAS CLOSED; EVERYBODY SATISFIED**

North Platte's seven-day Chautauqua closed last night with a concert by the Haydn Chorus, which was one of the best numbers on the program. Taken as a whole, the program offered by the Redpath-Horner Co. was satisfactory to the people; so much so, in fact, that no difficulty was experienced in securing fifty men to sign the contract for next year at the same rate as this year, namely, fourteen hundred dollars.

Undoubtedly the strongest feature of this year's program is "The Melting Pot," which was given Saturday evening to the largest audience of the week. It is a very strong play interpreted by a company of unusual strength. While handicapped by lack of stage settings, it was still the equal of the shows we pay \$1.50 to see during the theatrical season. Another strong feature is Thavli's band, which appeared Friday afternoon and evening and excellent also were the trio of grand opera singers Friday evening.

Governor Glenn's lecture Saturday afternoon was well received, as were also the addresses Sunday afternoon and evening by Dr. Haywood, at one time a resident of Lexington and an old-time friend of F. L. Moonery, of this city. W. I. Nolan, of Minneapolis, was the lecturer yesterday afternoon and his address was well received.

The attendance at the sessions ranged from 600 to 1200, which in view of the intense heat, may be considered very satisfactory.

**FOR RENT**  
Two store rooms suitable for any business.  
Ten rooms suitable for office rooms or small rooming house, or will be rented to any one wanting one room. Garage 53x72 feet.  
Also large room 53x72 suitable for hall or will arrange it to suit tenant. All equipped with steam heat.

45tf **JULIUS MOGENSEN, Prop.**

**NORTH PLATTE**  
**General Hospital.**  
(Incorporated)  
One Half Block North of Postoffice.  
Phone 58  
A modern institution for the scientific treatment of medical, surgical and confinement cases. Completely equipped X-Ray and diagnostic laboratories.  
Staff:  
Geo. B. Dent, M. D. V. Lucas, M. D. J. B. Redfield, M. D. J. S. Simms, M. D. Miss M. Sieman, Supt.

The corn prospects in Lincoln county taken as a whole are not very flattering. Here and there, where a passing cloud has deposited rain, the crop still holds up fairly well, but there are, so far as we can learn, few fields that have not been more or less injured by the drouth, and there are lots of fields that are past redemption.

Two farmers who live south of Hershey were in town yesterday and reported that they had threshed their wheat and had begun marketing it at Hershey at a guaranteed price of \$1.20 per bushel. That's some price for wheat in western Nebraska.

Mr. and Mrs. Butler Buchanan who have been spending several weeks in Los Angeles, Calif., are expected to arrive home Thursday of this week.

**Notice to Hunters.**  
No hunting will be allowed on lands owned by the undersigned living in the north half of Well precinct.  
Charlie Miller R. DePew  
E. F. Conklin John Remus  
H. L. Diamond H. C. Kuster  
A. J. Howard Alma Simm  
W. E. Fairchild L. Smith  
John Howard P. R. Waltemath  
J. L. Ziegler

**There Are Two Points**

about Cow Brand flour you should not overlook. The first is that with it even the beginner can hardly help doing better baking. The second pointer is that it takes less than the usual quantity of Cow Brand flour to produce the same sized loaf or cake. Order a sack of Cow Brand and you can prove it for yourself. It is the Quality First Flour.
