

Own A Good Watch

You hold yourself as a young man worthy of confidence, ambitious, enterprising, and people are willing to take you at the valuation you put on yourself. Therefore they expect you to carry a good watch—an accurate timekeeper, in a handsome case, of reliable quality.

If you haven't such a watch, you handicap yourself. You can't offer a valid excuse for not owning a good watch. Time's too valuable to be wasted by lack of one, especially since good watches are so moderately priced at Clinton's. Come in and examine watches. You won't be asked to buy.

NORTH PLATTE PEOPLE WILL ATTEND OGALLALA ROUND-UP

Fifty or more cars loaded with North Platte people will attend the Ogallala round-up which will be held Thursday and Friday of this week. The day selected by the North Platte people is Thursday and they will leave town about nine o'clock in the morning, arriving at their destination in time to see the afternoon sports.

For this round-up a big program of frontier-days sport has been arranged, including broncho riding, roping, steer throwing and racing, and those who attend are assured an interesting day.

The men who are getting up the trip are desirous of having as many go as possible as a return compliment to the recent visit of the Keith County Community Club to North Platte.

Those who can go will please notify Harry Lawson, chairman of the committee.

Under present road conditions the run to Ogallala can be made in a little over two hours.

Successful Institute Closes.

The Lincoln county teachers' institute which was held here last week closed Friday afternoon and reports of the work accomplished show that it was the most successful in several years. The enrollment was one hundred and twenty-six and a large number of visitors were present at each session. Dr. George Martin, of the Kearney Normal, gave an interesting talk Friday on the courses which were being taken and Lew Skinner, of Omaha, was among the speakers on Thursday. Lectures were given on industrial art, manual training, civics, geography, agriculture, reading, play and games. Instructions were given during the week in English composition, grammar, penmanship and primary reading. The agricultural classes spent Friday afternoon at the state farm, where they inspected farm products and grains.

Some fellow, probably an auto tourist, played a joke on himself when he stole ten gallons of coal oil from the tractor engine owned by the county on the supposition that he was getting gasoline. The oil had been left during the night along side the engine in a red painted cream can, and the color of the can led him to believe it was gasoline. The fellow also swiped some small tools belonging to the engine.

FOUND

We have found a way to re-surface old floors and make them look like polished oak.

The new surface can be any color desired regardless of what it was before, and is equal to genuine oak in wearing and washing quality.

It is easy to apply and the cost is very low.

Come in and see if you can tell which is Ch-Namel and which is REAL oak.

A Word to Our Subscribers

Yesterday we received an invoice for print paper—such as The Tribune is printed on—and the price was \$7.25 per hundred pounds. In July, 1914, this same quality of paper cost \$2.60 per hundred. This you will see is an advance of nearly 300 per cent. In face of this advance we would be justified in advancing the subscription rate fifty cents a year. No advance will, however, be made—not at present at least—but every subscriber who is in arrears must pay his delinquency if he wishes the paper continued. Beginning September 1st a collector will call on city subscribers and statements sent to those out of town. Those who fail to make payment promptly will be cut from the list and the accounts placed in the hands of a newspaper collection agency. The advance in paper has cut the margin of profit on such a small sum that we must have our money promptly when due.

An Old Line, Mutual, Legal Reserve Company Writing Life Health and Accident Insurance.

THREE POLICIES IN ONE

The rates of many Eastern Life Insurance Companies and some Western Companies, at the age 35, for a Twenty Payment Life policy are \$38.34 per thousand of insurance, making the rate on a \$3,000.00 policy with them at age 35, \$115.02.

Our \$3,000.00 combination Twenty Payment Life rate at this same age, 35, is \$119.04.

What does each give you for the money you invest in these estates?

THE Companies First Referred to Policy. Fidelity Reserve Combination Policy, Three Policies in One.

RATE \$115.02
Pays \$3,000.00 at any time that death may occur after the first payment is made, or a paid-up policy for \$3,000.00 at the end of 20 years, plus dividends.

In case of Accidental Death, pays \$3,000.00.

In addition to the above, a Fidelity policy doubles in case of accidental death and we pay \$5,000.00 instead of \$3,000.00.

For total disability from sickness or accident, the Fidelity pays \$25.00 per week or equivalent to practically \$110.00 per month. For partial disability, \$12.50 per week or practically \$55.00 per month.

Physician's or Surgeon's fees where there is no disability, whatever, the Fidelity pays such expense not to exceed \$15.00 for any one case.

For loss of any two members—eyes, hands or feet, \$1,500 spot cash; for loss of one member, \$750, and no matter how much you may have drawn from weekly indemnity or for loss of members, the Fidelity must still, at the maturity of the contract, pay \$5,000.00.

Remember also that your health and accident insurance in this policy is in an old line, legal reserve company, which is not spending your money but investing and is not like a fire policy where, if you do not have a fire this year, you have nothing coming, or if you have a bad risk that you are cancelled out, as all health and accident policies must contain a cancellation clause where written alone and issued without a medical examination but any savings or earnings on this policy must drop into the surplus and come back to the policy holders in the way of dividends as this is a full participating policy.
