NEEDED ARTICLES FOR STATE FAIR EXHIBITS

There has been a generous response in exhibits for the state fair. The county, in order to win must have more varieties of some of the grains and vegetables.

We ask the people of Lincoln county to help make the state fair exhibit a big success. Bring all exhibits to the Chamber of Commerce rooms not later than August 29th. If you have anything you think is good, get in touch with Secretary Fisher immediately.

Below is a partial list of things we need:

Threshed Grain and Seeds—Flax, buckwheat, kaffir corn, milo, soy beans, cow peas, sunflower, broome grass, red top and millet.

1916 Corn—10 ears each of all varieties of field corn, pop-corn and sweet corn.

Vegetables—4 heads red cabbage, 4 kohlrabi, 4 red mangel, 4 white mangel, peppers, cucumbers, turnips, stalk of tobacco, stalk of wonderberry, sample ground cherry, 12 roots chicory, 4 bunches endive, 1 stalk okra, 4 winter radishes.

We are also anxious to make good display of potatoes, onions, squash and melons.

Let us know what you have and we will tell you whether we can use it or not.

"ROUND-UP" AT OGALALLA DRAWS A BIG CROWD.

Between 2,000 and 3,000 people were present yesterday at the opening of Ogalalla's "Round-Up," and were given a program of sports that was creditable to the promoters and to those taking part. The "Round-Up" is a reproduction of frontier days in a cattle country, and the card listed seventeen events, including broncho busting, steer riding, steer throwing, lassoing, fancy riding and wild horse races. There were about forty entries, three of whom were women, and the riders came from points in Nebraska, Colorado, Wyoming, Texas, New Mexico and Arizona. Several of the bronks were real buckers and two of them managed to throw their riders. Several steers were successfully thrown by the "dogging" method, and a half dozen were ridden, only one of the latter unseating its rider. These events were the most thrilling ones on the card.

The performances are held at the fair ground, which was almost encircled with cars, the autos being estimated at 400.

NEW LUMBER YARD FOR NORTH PLATTE

The Waltemath Lumber & Coal Company is the title of a new corporation formed in North Platte, of which Henry Waltemath is president, Fred Waltemath vice president and Will Waltemath secretary and manager. The object of the corporation, as the name implies, will be to engage in the lumber business, both wholesale and retail, and to carry all classes of building material including paints, oils and window glass, and to handle coal.

Yesterday the company purchased the Habler property in the east part of town, consisting of a full block of ground and the big brick house, and on this site will be located the yard. The company has also secured a lease of ground adjacent to the premises from the Union Pacific, thus insuring convenient truckage.

Later the company will open a stock of paint and glass in the room on Sixth street formerly occupied by Luke Healey.

With unlimited financial resources, with an acquaintance—through long years of residence—that extends throughout the North Platte trade territory, the Waltemath Lumber Company promises to become one of the strongest and most widely patronized concerns in the west part of the state.

Already having heavy investments in North Platte real estate, Messrs. Waltemath give other evidence of their faith in the city by making further investments, and this is the spirit that all who have financial resources should show.

NORTH PLATTE AS SEEN BY EDITOR WILL MAUPIN.

Will Maupin, of the York Democrat, who was one of the newspaper men who recently visited North Platte, has this to say in his paper:

For years on end North Platte people were content to sit around and depend upon the Union Pacific to keep the town going. The merchants were content with a monthly Union Pacific pay roll of from \$50,000 to \$90,000, and couldn't see any use in trying to work for something greater.

But a bright light has struck North Platte people. They now realize that it is possible to make that Union Pacific payroll a mere incident in North Platte prosperity, and with the bursting of that new light North Platte is forging to the front at a marvelous rate. Disclaiming any intent to resort to invidious comparisons, I want to remark that North Platte suffered from inadequate hotel facilities for many years. When the new spirit struck that city it was not necessary to work and hustle and beg and scheme to put a hotel proposition through. A North Platte man stepped to the front and built a modern hotel that would be an ornament to any city of ten times the size. A frontier town? A mere railroad division? Bless you, North Platte's business section contains more imposing business structures than any other city in Nebraska, barring Lincoln and Omaha. A huge paving program is under way. And glory be, that old Union Pacific depot and hotel burned down a few months ago and the Union Pacific is now getting ready to build a new hundred thousand dollar depot and division headquarters.

Tim Sutton was arrested in an alley in the 300 block in the first ward last evening for boot legging. He was discovered by the city officers trying to sell half a quart of whiskey he had in his possession.

The Rowena Circle will hold a ten-cent social at the home of Mr. W. J. Tiley next Tuesday evening, which the public is cordially invited to attend.

Mrs. Howell Mathias, of Rapid City, S. D., who visited her nephew John Hillebrand for ten days, left Wednesday evening.

Misses Jane and Catherine Kileorn, of Victor, Iowa, who were guests of Mr. and Mrs. M. C. Hayes, left yesterday.

Mrs. George Lannin left a few days ago for Grand Island to visit her son for a week or more.

Louis Thoelecke, of Melrose, came yesterday to visit his son O. H. Thoelecke and family.

Miss Elizabeth Brodbeck will leave this week for the eastern part of the state to visit friends.

Mrs. Haist and son went to Cheyenne last evening to visit for two weeks with friends.

The funeral of Dorothy Brown will be held at her residence at two-thirty this afternoon.

Dr. Fenner went to Gothenburg on professional business today.

A Considerate Conductor

Cotter, Ark., Aug. 23.—J. F. O'Donnell, a conductor on the White River division of the Iron Mountain railroad, was somewhat worried when he learned that a report had been made to division headquarters of his recent action in holding a passenger train here for twenty minutes so that milk could be procured for a sick baby on the train. Today he was astonished at receiving a letter from B. F. Bush, of St. Louis, receiver of the road, commending his action.

"Your act proved that railroad officials and employes place the interests of humanity above even railroad discipline," wrote Mr. Bush.

The Mothers' club and their daughters were the guests of Mrs. Mac Westfall at the farm south of town Wednesday afternoon. The afternoon was spent in social conversation and Kensington work and a chicken dinner was served. Out of town guests were Mesdames Lathrop, of Chicago, and Bixler, of Denver.

Dorothy, the two year old daughter of Mr. and Mrs. Bruce Brown died yesterday afternoon after an illness of several months. Funeral arrangements will be made today. The parents have the sympathy of many friends in their bereavement.
