

## School Children's Eyes

Should be examined by a competent optometrist before school starts and any error of refraction properly corrected.

Many children are backward because of eye strain and whether or not your boy or girl complains it is your parental duty to make sure there is no error that is retarding them in their studies.

We make our examinations free and if it is found necessary that glasses be worn advise you so.

Office hours 8 to 12 and 2 to 6.

**HARRY DIXON,**  
The Jeweler.  
REGISTERED OPTOMETRIST.
