### COTTONWOOD RESIDENTS SHOW INTEREST IN COUNTY FAIR.

An unusually well attended and earnest meeting in the interest of the Lincoln county fair this month was held Monday evening at the Reynolds' school house in Cottonwood precinct. The large attendance and several speakers manifested the enthusiasm existing over the prospect of Lincoln county holding this year the best agricultural display in its history.

A program rather informal was presided over by F. C. Pfeilsticker, president of the fair association, and W. D. Fisher, its secretary. The latter in a brief speech presented the importance of every farmer in the county getting behind everybody, as well as behind themselves and solidly pushing together in an effort to make the fair a big success.

Other speakers were Messrs. Reynolds, McCombs, Stackhouse, Summers, Coates and others, all of whom emphasized Mr. Fisher's ideas of concerted action and perfect harmony in forwarding every interest of the fair. Another object of the meeting was to engender an interest in the matter of preparing a good county exhibit at the state fair next week, which plan met with hearty cooperation of all present.

A male quartette from the state farm rendered several vocal selections which were heartily received, each number being roundly encored.

Altogether the meeting was a decided success. Before it closed Mr. Reynolds was chosen chairman of the precinct to look after gathering an exhibit for the county fair and to superintend its arrangement at the fair. An effort will be made by the county organization to have all precincts in the county organize the same as Cottonwood.

### The West Leads.

The west leads in crop growing. Others follow. An acre of Washington land yields 117 bushels of wheat, quite surpassing the Nebraska five acres that yielded seventy-three bushels per acre. There is plenty of room between us and the top. A Lincoln county, Nebraska, acre yields fifty-four bushels of rye. We are not much for rye in Nebraska, but when any other state meets that record we may try to surpass it. A Colorado acre produced 790 bushels of potatoes.

E. M. Smith who has been engaged in the automobile business here for several years will dispose of his interests and leave shortly for Colorado where he will seek a desirable location. Mr. and Mrs. Smith have many friends who will regret their departure.

### A NORTH PLATTE WOMAN'S EXPERIENCE.

Can you doubt the evidence of this North Platte woman?

You can verify North Platte endorsement.

Read this: Mrs. Wessburg, 708 W. Fourth St., North Platte, says: "During the past four years, I was a terrible sufferer from kidney disease and backache. The greater part of the time I was in a bad condition. The doctor said I had a floating kidney. I had the worst pains at times and many a day I could not stand. The kidney secretions were unnatural. I finally learned of Doan's Kidney Pills and got some from the Rexall Drug Store. In a couple of days the pains became less severe and the swelling completely disappeared. Within six weeks' time I was cured and since then I have felt no symptoms of the old trouble." (Statement given August 7, 1907.)

On June 2, 1916, Mrs. Wessburg said: "Very seldom do I feel any need of a kidney medicine, but when I do, I use Doan's Kidney Pills and they never fail me."
