

KEITH NEVILLE

Democratic Candidate for Governor

A NATIVE SON

A practical man of the people who has made a success in business and to whom the tricks of the ambitious politician are unknown.

He offers a constructive program that will benefit the people of Nebraska and his candidacy is in harmony with the strong Democratic platform adopted by his party at Hastings.

He believes that the highest duty of any public servant is to carefully see to it that the will of the people, as expressed at the polls upon all questions, is carefully carried out.

The two Republican newspapers in North Platte are supporting his candidacy and the vote of nearly five to one given him at the primary election by the people of his home town, among whom he was born and raised, is proof absolute that he is a man of character and standing and a safe one to be entrusted with the business affairs, as well as the enforcement of the laws of the state.

Vote for a home-grown man and a continued, economical and business administration of state affairs.

LOCAL AND PERSONAL.

Dr. Morrill, Dentist.

Mrs. Harry Gutherless will entertain the Catholic girls' club Tuesday evening.

Redfield assisted by Mrs. Harry Bybee on October 11th.

A Morrill county stockman named Israel passed through this week in a new Stearns-Knight car enroute home from Omaha where he marketed cattle. He said that on the train enroute to Omaha were twenty-eight stockmen from different sections in the west part of the state, and a straw vote developed twenty-six in favor of the dry amendment and twenty in favor of the re-election of Wilson. Evidently Western Nebraska stockmen hold pretty closely together in their views.

The music and art department of the Twentieth Century club met at the home of Mrs. W. H. Cramer Tuesday evening. Miss Irene Stuart was appointed secretary. The following program was given: "Music in the Home," Mrs. T. G. Thompson; "Musical Taste," Miss Kain; "Babylonian Art and Architecture," Irene Stuart. Several instrumental solos were given by Miss Esther Hogsett. The next meeting will be held at the home of Mrs. J. H. Hegarty October 24th.

COUNTY FAIR OPENS WITH BIG ATTENDANCE

While the grounds of the Lincoln county fair were open Tuesday and Wednesday for the reception and entering of exhibits, and quite a large number visited the grounds on those days, the real opening took place yesterday afternoon and nearly 3,000 people viewed the exhibits and saw the races. As early as two o'clock the grand stand was filled to its 1000 seating capacity, half the bleachers were filled, 200 or more autos were stationed on the quarter stretch, and several hundred lined the fence. More than half of those in attendance were out-of-town people, which can be taken as evidence that the farmers are interested in county fairs.

The park presents a county fair appearance with its exhibit hall, stock barn, cattle and hog sheds, the big grand stand and the long stretch of high bleachers, and the midway with its merry-go-round, shooting gallery, baby racks, side shows and lunch counters. For the weary, seats are provided in the main grove and in the small grove to the east, but as the air was somewhat chilly yesterday the visitors on the grounds kept moving all the time.

The live stock exhibit is larger than ever before, and especially of cattle. One exhibitor shows eight or ten head of Galloways, Frank Strolberg has a number of fine Shortorns, there are Holsteins from the state farm and from the Albert Cooledge ranch, and there are Durhams, and a number of other breeds; every stall in the cattle sheds is occupied. There is a splendid exhibit of horses and jacks, the horse barn being filled to the limit. Only on hogs is the exhibit light, and this is due to the prevalence of cholera in several sections of the county, growers not caring to take the chances of having their herds infected.

The poultry and pet stock exhibit is housed in a large tent and over one hundred pens are on exhibition. This exhibit was judged Wednesday afternoon, premiums awarded and the tags indicate prize winners.

The west side of the general exhibit hall is devoted to the agricultural display and the east side largely to school work and fine arts. The farm products considering the unfavorable season, show up strong, especially is this true of corn and small grain. The display of vegetables is good, cabbage showing up weaker than any other article. There is a fine exhibit of apples, and several plates of good looking peaches and pears are shown. In the fine arts department the display is very liberal, hundreds of pieces of needle work and painting being entered. The display of school work, both from rural and city schools is very interesting and creditable. Flowers and potted plants are prominent and add cheerfulness to the hall. Taken as a whole the exhibits in the various departments are very creditable and surpass those of previous years.

The exhibit by the state agricultural college, contained in a large tent is one of unusual interest. Here is shown the relative nutritious value of foods, the sanitation of farm surroundings, samples of canned and preserved fruits, woman's club work on the farm is illustrated as is also the competitive corn growing contests by boys and competitive work by girls—in fact every phase of farm work, farm conditions and farm life is treated.

One of the busiest places on the grounds is the tent where the better babies contest is conducted. In this contest there are nearly a hundred entries, and the physicians and nurses in charge were rushed all afternoon.

The Lexington flour mill has a tent in which baking demonstrations are held, and the quality of the flour is evidenced by the excellent appearing bakery goods.

The afternoon races naturally caught the crowd. There were running races, and trotting races, and of course the bucking broncho and the cowboy were present and both performed. The bronks were not particularly bad ones, but the riding of them was good amusement while it lasted.

The race program was a feature that met the hearty commendation of all, for every event was a good one. In the pacing race the swiftest heat was 2:15, which was a fine showing on a new track that is somewhat soft. This race was a pretty one, the two horses keeping well together. The trotting race was also good, the wild horse race was full of ginger, and the other events kept up the enthusiasm of the big crowd.

The races today and tomorrow promise to be equally as good.

F. C. Hoxie came down from Ogalala this week to visit his family and attend the fair.

Mr. and Mrs. Charles Yost left yesterday for Grand Island by auto to visit friends.

George Patterson, who formerly lived north of town, came from Iowa yesterday to visit friends and attend the fair.

Miss Mae Wilson left last evening for the eastern part of the state to visit relatives.

Mr. and Mrs. Joseph Shoup and daughter, of Brady, came this morning to attend the fair and spend a few days with friends.

Mrs. George Sager, who visited her mother, Mrs. Frank Frederici for several weeks, left for South Dakota Wednesday evening.

Dr. and Mrs. F. J. Wurtel are enjoying a visit from the latter's brother, Dr. E. Rathbone, of Alaska, who came a few days ago.

Telephone Equipment Costs Have Doubled in Two Years

Material used in the manufacture of telephone equipment that could have been purchased for \$50 two years ago cannot be bought for less than \$100 today.

The following figures show the per cent increase during the last 20 months in the market price of several of the more important items used in the manufacture of telephone equipment:

Material.	Increase.	Material.	Increase.
Aluminum	108%	Lead	94%
Batteries	68%	Lumber	20%
Brass	174%	Platinum	98%
Copper	126%	Rubber	39%
Crossarm bolts	175%	Tin	66%
Crossarm braces	274%	Wire (Iron)	20%

These advanced prices are caused principally by the European demand for war materials and to the curtailment of foreign imports into this country.
