Mutual Building & Loan Ass'n.
 OF NORTH PLATTE, NEBRASKA.
 ASSETS \$840,000.00

To Prospective Building & Loan Borrowers;
 Non-resident Building & Loan Companies are advertising the fact that they have reduced the monthly payments of borrowers to \$1.10 per month on each \$100.00 borrowed, making the monthly payment the same as the Mutual Building & Loan Association of North Platte. They fail to state that of the \$1.10 paid to the non-resident company, there is only thirty-five cents credited as a principal payment, the balance seventy-five cents being taken for interest. Of the \$1.10 monthly payment to this association on each \$100.00 borrowed sixty cents is for interest and fifty cents is credited as a principal payment.
 This difference in the amount credited the borrower will result in the borrower in the non-resident company being compelled to pay not less than \$25.00 more on each \$100.00 borrowed in order to discharge the debt than they would if they were doing the business with this Association.

RAILROAD NOTES

Shop Foreman Jas. Norton returned yesterday from a brief visit in Omaha.
 Foreman Murphy, of the bridge and building department, has fifty work orders to complete this fall. These orders range in cost from fifty to \$2,000. Mr. Murphy is working twelve men.
 Al Tift, who has a big road grading contract in Minnesota, came home Saturday to look after personal business. He expects to operate his grading gang in Minnesota all winter, regardless of freezing weather.
 Supt. Emerich, of Omaha, who has charge of the icing plants on the Union Pacific system, will be here this week to look after making repairs to the ice lake east of town, and will probably contract for cutting the ice this winter.
 On account of heavy traffic on the Seventh district, five young engineers from this terminal were sent to Green River Sunday evening. Those going were Bergstrom A. Burke, Dustin, Mische and Micky, the latter from the Fourth district.

In handling an engine in the round house last evening an employe sent the monster half its length through the side of the building. It required two engines to pull it back out of the hole.

A spur track to the water plant is being laid, a convenience that has been needed for many years. It will materially reduce the cost of unloading coal, of which the water plant uses about 1,400 tons a year.

The freight depot was successfully and smoothly moved to its new location the latter part of last week, and a foundation is now being placed. For the present local freight is unloaded on the old platform, which was left standing until the new platform and trackage is arranged.

SOCIETY AND CLUBS.

The EntreNous club will be entertained by Mrs. Russell Wyman Wednesday afternoon.

The Tithum Girls were entertained in the church basement Monday evening by Miss Violet Steele and Mrs. Wallace Thompson.

Mrs. M. J. Forbes and Mrs. B. B. Boatman entertained sixty ladies at a Kensington Friday afternoon. The rooms were prettily decorated in lavender caryanthemums and yellow asters. During the afternoon Mrs. B. A. Cram gave several enjoyable musical selections and Mrs. York Hinman entertained the guests with readings.

"The Girl Without a Chance."
 You don't want to miss the play at the Keith Tuesday, October 17th as it is a problem that will cause each and everyone to stop, ponder and wonder who will be the next victim of the gruesome, white slave traffic, and the scenes and situation are so interwoven that from a scenic standpoint as the curtain rises on the first act, you feel as though you had been transplanted into some foreign clime and the strong situations at the climax of the acts are built so that the action of them make you long to get hold on the people in high authority that allow the persecution of "The Girl Without a Chance" written by Mr. Whitney Collins and produced by Mr. Robert Sherman.

FOR EXCHANGE

640 acres grazing and farm land. Want city property or small farm. 7th O. H. THOELECKE.

Placed Under Peace Bonds.

William James, living northeast of town, was placed under bonds to keep the peace in the county court yesterday. The complaining witness was Mrs. Lilly Briggs, who lives in the same neighborhood. James averred that the Briggs family had made derogatory remarks about a young lady to whom he had been paying attention and for this he threatened to "clean up" the Briggs family bag and baggage. Fearing that he might carry out his threat, Mrs. Briggs filed a complaint.

Will Visit Honolulu.

Miss Helen Hoxie, of this city, is planning a trip to Honolulu in the near future. Miss Hoxie was employed as a government instructor in the public schools in or near Honolulu for about a year and was very favorably impressed with the country. She goes there again to visit and may conclude to remain for a number of months.

Premium Warrants Ready.

Warrants issued in payment for premiums at the late county fair are now ready and can be had by calling at the Chamber of Commerce office in the B. & L. building. If not called for they will be mailed later.

Those who had babies entered in the baby contest, can secure their record charts by calling at the same office.
1288 Machines Pass in Six Hours.
 Downingtown, Pa.—All previous records of local automobile travel on the Lincoln Highway were smashed on a recent Sunday afternoon. A Downingtown resident attempted to keep track of the passing motorists on the great Highway and was forced to use a registering machine to keep an accurate count. Twelve hundred eighty-eight machines passed the given point at which he was stationed in six hours, from 1:30 to 7:30 p. m. This was at the rate of 214 each hour for six consecutive hours and nearly four each minute. Not included in this flow of passing automobiles were hundreds of motorcycles carrying anywhere from one to four passengers. The Lincoln Highway seems established as the popular route of travel in Pennsylvania.

Prohibition in Practice.

(State Journal.)
 City of Boulder, Col., Oct. 4, 1916.—It gives me much pleasure to reply to your inquiry as to the effect of prohibition in this city and Colorado. It has greatly reduced drunkenness, crime and vice. The improvement in this respect has been very noticeable. Its tendency has been distinctly to reduce poverty, and many families are now comfortable who before were poverty stricken. The effect on business has been decidedly good. Merchants both here and in Denver report a good increase in business, collections are very much better, and there has been a heavy business in bank deposits.

There is comparatively little bootlegging, and detection and punishment sooner or later overtakes those who engage it. This is true in spite of the fact that liquor is easily obtainable at Cheyenne, within easy distance of us by automobile.

My experience as chief of police here for many years past has only confirmed my previous conviction that any city or state gains in every way by adopting the policy of prohibition. Yours truly,
 L. P. PASS, Marshal.

The schedule for the high school foot ball team was completed yesterday when a game with Alliance on November 17th was arranged. The local team will play eight games, four at home and four away.

FOUND

We have found a way to re-surface old floors and make them look like polished oak.
 The new surface can be any color desired regardless of what it was before, and is equal to genuine oak in wearing and washing quality.
 It is easy to apply and the cost is very low.
 Come in and see if you can tell which is CHEL-Name! and which is REAL oak.

New Buildings by Porter.

Harry Porter has started the construction of a \$4,500 residence on the corner of Fifth street and Washington avenue. It is probable that Mr. Porter will also erect this fall a building in the 400 block on East Front street, which he will use for his bottling works.

KEITH NEVILLE
 Democratic Candidate for Governor
 A NATIVE SON

A practical man of the people who has made a success in business and to whom the tricks of the ambitious politician are unknown.
 He offers a constructive program that will benefit the people of Nebraska and his candidacy is in harmony with the strong Democratic platform adopted by his party at Hastings.
 He believes that the highest duty of any public servant is to carefully see to it that the will of the people, as expressed at the polls upon all questions, is carefully carried out.
 The two Republican newspapers in North Platte are supporting his candidacy and the vote of nearly five to one given him at the primary election by the people of his home town, among whom he was born and raised, is proof absolute that he is a man of character and standing and a safe one to be entrusted with the business affairs, as well as the enforcement of the laws of the state.
 Vote for a home-grown man and a continued, economical and business administration of state affairs.

Fair Progress is Made.

Fairly good progress is being made on the paving work, the brick having been laid on Locust from Third to Sixth, and on Fifth from Dewey to Vine. Excavation work is about completed on Dewey and that class of work is now being done on Front between Dewey and Vine. There is still a shortage of gravel and for this reason the concrete work is at a standstill. One block on Locust has been completed with the asphalt filler and is open to traffic.

EVERETT WARE
 Democratic Candidate for Clerk of the District Court.
 Has lived in Lincoln county for 30 years; on a farm near Hershey for 18 years and has been in business in Hershey for 12 years. Completed the common school course, attended York College in 1892 and 1893 and completed a course in the Bryant & Stratton Business College.
