To the Voters of Lincoln County.

I am a candidate, nominated by the Democrats of this county, for Representative, 68th Representative District, comprising the county of Lincoln only.

In the beginning of this letter I feel it proper to congratulate the citizens of this county on the measure of prosperity enjoyed. The progress the farmer and business man have made in the last five years is without a parallel. The city of North Platte, and the towns in our county on the improvements made and now under construction; the labor on the abundance of work at hand at a remunerative wage; the prospect of labor along all lines enjoying an eight hour day for work, eight hours for recreation, and eight hours for rest and refreshment. Shall we not give the present administration and President Wilson a fair share of support and praise for the prosperity enjoyed?

Votes are necessary in order to be elected and that you may vote intelligently, my position on a few public questions should be known. I have served the people of this county in the past, and if I have been faithful to my trust it may not be considered as an imposition to ask at your hands further consideration. I have a conviction that an officer or a representative of the people should seek to serve and that I shall do, if I should be successful in this coming election. For the information of those voters who have come to this county in the last five or ten years will say, I came to this county in August, 1882, and have lived here since that time. I believe I know some of the needs of our people, and I believe I have a fair measure of ability to get some of those needs enacted into law. I am inclined to the belief that it is not more laws that we want so much as the laws we have enforced.

If I am elected I shall stand for and try to have laws passed as follows:

A law to prevent the waters in the creeks and rivers of Nebraska from being alienated to the private profit of any persons or corporations. I believe these waters belong to the whole people.

I would vote for better road laws. If the present method of handling our road work is law, there should be radical changes.

I would vote for more simple and expeditious methods of securing justice in our courts.

I would favor the making of our state penitentiary self-supporting, manufacturing when practical, material used in bridges and state buildings.

Railroads under the laws of this country can take and use private property, upon paying for the property taken, on the theory that it is for the public good. Such laws seem to be accepted as good and necessary. I would favor laws requiring public carriers of farm products, merchandise, and persons, to furnish the necessary equipment to transport to the markets promptly such farm products, merchandise, and persons.

I believe that a law known as the warehouse law, modeled after the bank guarantee law, would save millions of dollars to the farmer. I would favor laws furthering the idea of co-operation.

I will favor all laws looking to the giving of every boy and girl on the farm the best education possible. They are as deserving as the boy or girl of the city, town or village. I would support state printing of text books.

I favor good road building; it is an important factor in the development of this state.

I would favor a law providing for the employment of the rural carrier plan for the collection of votes in precincts outside of cities and towns at primary elections.

I am in favor of and shall vote for the prohibition amendment to the state constitution and, if elected, will favor laws enforcing the same.

I am in favor of economy in the administration of our state government; I believe in getting value received for the dollar expended.

I shall use my best judgment in seeking to promote the business interests of this state. A square deal for all concerned, clean business, clean morals, will build up a happy and prosperous people.

"The home is safe in the hands of a woman, and the ballot increases her power to defend the home and her children." Why not make her the equal of man in electing the officers? Thousands of women in our country—owners of large and small property interests, are powerless; they have no voice or vote in determining the laws affecting their interests, taxed without a vote as to the amount of such tax. This is certainly intolerable.

If I have made it plain to you Mr. Voter as to a few of the things I shall stand for, and you think I could represent you, give me your vote.

Respectfully,
10-31 BUTLER BUCHANAN.

Nebraska Woman's Christian Temperance Union Convention.

The forty-second annual state convention of the W. C. T. U. was held in the First Christian church, Omaha, September 19-22. On these days sessions were held morning, afternoon and evening. A large number of excellent addresses were made, papers read, followed by some very interesting discussions. Delegates numbering three hundred and four were present, representing most all the unions in the state, besides which the meetings were well attended by local residents. During our first afternoon session a beautiful bouquet of white roses were sent by the J. Burns Haling Co., also a basket of splendid white roses by the Brandies stores occupied the center table of the convention room.

Tuesday evening organ voluntary by Miss Grace Slabaugh, addresses of welcome were ably delivered by notable men of Omaha, Rev. C. E. Cobby on behalf of the churches, on behalf of Young Men's Christian Association Secretary Mr. Dennison, ex-senator W. R. Patrick on behalf of Omaha, and Mr. Victor Parish on behalf of the Commercial Club. Solo by Miss Gertrude Alken, Mrs. E. W. John, president of Douglas county, gave a short talk. Solo by Miss Mary Wood entitled "Victory."

Wednesday the convention sermon was delivered by Mrs. Marie Wilcox entitled "Life's Banquet Hall." In the superintendent's hour what my department has done and will do for Nebraska dry in 1916. All gave good reports. Memorial service led by state president Mrs. Mamie Clafin. On Wednesday afternoon fifty-three county presidents gave five minute speeches on "The prohibition campaign in my county." Solo by Mrs. W. F. Callas. The dedication of eighteen babies to the white ribbon cause was the most interesting event of the afternoon. The youngest was Florence Gantz, who was seven weeks old, and the next youngest was Master Charles E. Cobby, Jr., who was seven weeks and one day old. Wednesday evening the church was crowded by those who had been attracted by the announcement that Mrs. Ella A. Boole, national vice-president would give an address on "Hitting the Trail for Prohibition in Alaska," who more than justified the claims that had been made for her and held the interest of her audience for more than an hour with a very eloquent and earnest address. She was followed by F. A. High, dry federation chairman for Douglas county, another prominent speaker who spoke of the accomplishments of the W. C. T. U. Also short addresses were given by W. T. Thompson, of Lincoln and S. O. Jones, of Lincoln, president and secretary of the state federation. Music by Boosters' quartette, Messrs. Richard Kersey, O. Olson, Lynn Sackett and W. C. Slabaugh. Demonstration by more than one hundred children. Solo, Miss Alice Duval, Omaha. Thursday reports of different committees and election of officers. Mrs. Mamie Clafin, of University Place, was re-elected president. All the old officers with the exception of vice president, Mrs. Bunting, who was unable to hold that office on account of failing health, were re-elected. Following the election of officers was the report of the treasurer, Mrs. Laura Taggart, of Omaha; she said there was a \$1700.22 surplus and a gain of 1547 members during the past year. Total membership 6000 in the state. At the close of the afternoon session an informal reception in the church parlors was held. In the evening Rev. A. A. DeLarme, pastor of the First Baptist church led in devotions. Solo, by Mr. Richard Kersey, Omaha. A musical and oratorical contest was held, five in each. Mrs. W. J. Bryan, of Lincoln, presented the gold medal to Mildred Stovell, of Omaha, for the best solo and the diamond medal to Mrs. Robert Paul, of Cedar Bluffs, for the best reading. Collection was taken after which Mrs. Bess Gearhart-Morrison, of Lincoln, gave several readings. Friday, grand campaign rally with Omaha speakers and others. At three o'clock, automobile trip over the city, courtesy of Omaha citizens.

We express our heartfelt thanks to the citizens who have opened their hearts and homes in welcome; and to the press for the reports of the meeting; to the commercial club for its interest and substantial help, and to Mrs. H. G. Claggett for those splendid souvenirs.

MRS. MURPHY, Delegate.

Uncertain.
"I see you advertised for a cook yesterday. Did you get one?"
"I don't know yet. I can tell better after dinner."

Practical Health Hint.
Food Poisoning.
The symptoms of food poisoning are usually those of severe cholera morbus—vomiting, diarrhea, pain in the abdomen, restlessness, prostration, headache and sometimes fever. Mild food poisoning is undoubtedly very common, and many cases of biliousness, indigestion or summer complaint are really of that nature.

In all cases of real ptomaine poisoning the first thing to do is to empty the stomach. Even though vomiting has already occurred, some of the poisonous material may be left, and only the artificial production of vomiting will remove it. After that the symptoms must be treated as they appear. The physician's chief concern must be to sustain the heart until the system has eliminated the poison and the attack is over.

Not Willing to Try.

"So you are convinced you could not learn to love me," bleated the disconsolate swain.
"I don't know what I could do if I tried," replied Miss Hibrowe, "but I think you will admit that in these days of woman's emancipation and broadened opportunities a member of the sex ought not to be expected to waste her time in trifles."—Richmond Times-Dispatch.

A Shrewd Boy.
"You are a fine little fellow."
"Yes sir."
"And may be president some day."
"That's right, sir. And a quarter invested now might arouse a gratitude that might get you an important office when that time arrives."—Kansas City Journal.
