Howe & Maloney

Mutual Building & Loan Ass'n.
OF NORTH PLATTE, NEBRASKA.
ASSETS \$840,000.00

To Prospective Building & Loan Borrowers;
Non-resident Building & Loan Companies are advertising the fact that they have reduced the monthly payments of borrowers to \$1.10 per month on each \$100.00 borrowed, making the monthly payment the same as the Mutual Building & Loan Association of North Platte. They fail to state that of the \$1.10 paid to the non-resident company, there is only thirty-five cents credited as a principal payment, the balance seventy-five cents being taken for interest. Of the \$1.10 monthly payment to this association on each \$100.00 borrowed sixty cents is for interest and fifty cents is credited as a principal payment.

This difference in the amount credited the borrower will result in the borrower in the non-resident company being compelled to pay not less than \$25.00 more on each \$100.00 borrowed in order to discharge the debt than they would if they were doing the business with this Association.

It was planned to finish subscriptions with a campaign at this supper to secure the amount as yet unpledged, but now the committee will not conduct such a campaign. After the supper there will be a short program with a number of musical selections and short talks, and the meeting will be more in the nature of celebrating the fact that the Presbyterian church will very soon be out of debt.
