Eye Glass Frames

The fitting of frames is as important as the fitting of lenses, for the lenses cannot give ease and comfort if the frames or mountings are improperly adjusted. In many cases glasses do not give relief because of frame being too narrow or too wide, too high or too low; and if your glasses should get bent so that one lens is higher than the other they will give you trouble. Optometrists are proficient mechanics and are fully equipped and informed in making such measurements as are required in fitting frames. Optometrists are the only ones required by law to qualify in this branch of eye treatment.

STABILITY, EFFICIENCY AND SERVICE

HAVE BEEN THE FACTORS IN THE GROWTH OF THIS BANK, AND THE SAME CAREFUL ATTENTION IS GIVEN TO SMALL ACCOUNTS AS IS GIVEN TO LARGE BALANCES.

INTEREST PAID ON TIME DEPOSITS.

Mutual Building & Loan Ass'n. OF NORTH PLATTE, NEBRASKA.

ASSETS \$840,000.00

To Prospective Building & Loan Borrowers:

Non-resident Building & Loan Companies are advertising the fact that they have reduced the monthly payments of borrowers to \$1.10 per month on each \$100.00 borrowed, making the monthly payment the same as the Mutual Building & Loan Association of North Platte. They fail to state that of the \$1.10 paid to the non-resident company, there is only thirty-five cents credited as a principal payment, the balance seventy-five cents being taken for interest. Of the \$1.10 monthly payment to this association on each \$100.00 borrowed sixty cents is for interest and fifty cents is credited as a principal payment.

This difference in the amount credited the borrower will result in the borrower in the non-resident company being compelled to pay not less than \$25.00 more on each \$100,00 berrowed in order to discharge the debt than they would if they were doing the business with this Association.

Mutual Building & Loan Association OF NORTH PLATTE, NEBRASKA.
