Halligan Still at the Front.

Many voters of the county may not be aware of the fact that P. R. Halligan, the republican candidate for county attorney, is still on the Mexican border as captain of Co. E, Fifth Regiment, Nebraska National Guards. When the call for volunteers was made, Mr. Halligan promptly responded, and was largely responsible for the organization of the North Platte company. Advice from the border are that the Nebraska regiments will be kept there for several weeks yet, thus depriving Mr. Halligan of an opportunity to campaign in his behalf. It seems to us that no campaign should be necessary for Mr. Halligan; that voters regardless of political complexion will conclude that any man who is patriotic enough to respond to the call of his country when it is threatened with war, is entitled to their support without being solicited. We would hold to that view even though Mr. Halligan were a democrat.

Arrested for Bootlegging.

Charley Turner, colored porter at the Rebbhausen barber shop, was arrested yesterday on the charge of selling liquor, the sale on which the charge is made occurring Saturday evening when it is alleged he disposed of a pint of whiskey to Karl Schick of this city. It has been rumored at times for several months past that Turner has been selling liquor, but not until yesterday could evidence sufficient to cause an arrest be secured.

He was arraigned yesterday afternoon, plead not guilty and the case set for hearing Thursday.

Owing to the engagement of the Birth of a Nation at the Keith this week, Gloria's Romance and also the merchants' free matinee will be held at the Crystal this week. Please bear this in mind.

Col. Geo. T. Patterson, who had been stationed in the Philippines for two years, was a guest at the home of his father T. C. Patterson, Saturday and Sunday, while enroute to New York. Colonel Patterson, who is in coast defense service will probably be assigned to duty at San Diego, Cal.

Reports received at the dry federation headquarters at Lincoln and Omaha from all over the state indicate that prohibition will carry by a big majority. Even in counties normally wet, the sentiment in favor of dry is growing rapidly. The assurance of a dry victory should not, however, begot a luke warm spirit. The bigger the majority the greater the victory.

F. W. HERMINGHAUSEN.

Democratic Candidate for County Commissioner, First District.
 Your support on the 7th of November is solicited on the record he has made during the past three years, which record is open and above board and your investigation of it is courted. During those three years he has aimed to serve the taxpayers in a conscientious way, has transacted the business of the county in a fair and impartial manner, and has taken as much interest in county affairs and applied the same careful methods as he would to his private business. He believes that if efficiency counts he is entitled to your consideration and your support. (Advertisement.)

Mutual Building & Loan Ass'n.

OF NORTH PLATTE, NEBRASKA.

ASSETS \$840,000.00

To Prospective Building & Loan Borrowers:
 Non-resident Building & Loan Companies are advertising the fact that they have reduced the monthly payments of borrowers to \$1.10 per month on each \$100.00 borrowed, making the monthly payment the same as the Mutual Building & Loan Association of North Platte. They fail to state that of the \$1.10 paid to the non-resident company, there is only thirty-five cents credited as a principal payment, the balance seventy-five cents being taken for interest. Of the \$1.10 monthly payment to this association on each \$100.00 borrowed sixty cents is for interest and fifty cents is credited as a principal payment.

This difference in the amount credited the borrower will result in the borrower in the non-resident company being compelled to pay not less than \$25.00 more on each \$100.00 borrowed in order to discharge the debt than they would if they were doing the business with this Association.

"Why, sir, the Union may be preserved from dismemberment by this proposed railroad."
 —Joseph R. Underwood, in the Senate, Feb. 19, 1853, advocating Federal support of line afterwards built as the Union Pacific-Central Pacific.

Back of the name "Union Pacific" was the certain knowledge that this railroad must be built to hold the Union together. And when the line was finished, a feeling of security and a wave of rejoicing swept the country from coast to coast. No other public—or semi-public—enterprise ever was so popular.

Time has dimmed the origin of this road but the directors of the Union Pacific have never ceased to regard the great system as a national institution—nor have they ever failed to maintain and improve the property for the best interests of the whole people. Recently more millions have been spent to increase the efficiency of the Union Pacific than were spent in building the original line. It is properly called "The Standard Road of the West."
