YOUNG MAN FOUND DEAD LAST EVENING

Harry Kruze, age seventeen, of Ft. Wayne, Ind., who came here two weeks ago to accept a position at the Barkalow news stand in the Union Pacific depot, dropped dead last evening at five-thirty. He had been in seemingly perfect health when he left his work and went to his room in the Block home. At seven o'clock, when the Block family came home they discovered his body on the floor of the bath room, and immediately sent for a physician who pronounced him dead. It is thought that while taking his bath he became overheated and died before he could call for help. The body was taken to the Howe & Maloney undertaking rooms and a message sent to the parents in Ft. Wayne. Mr. Kruze had made many friends among the railroad employes and others with whom he associated during his short residence here.

The young man was the son of a friend of Mrs. Block who formerly resided at Syracuse, N. Y., and when he came here Mr. Block kindly gave him a room at his home.

John Harshfield, of the Birdwood, is the first of the farmers in this section to make use of a motor truck in transporting his produce to market, to our knowledge. This morning he hauled in a big load of grain from his ranch twenty miles northwest of town. The home of Thomas Heskett in the west part of town has been placed under quarantine restrictions as a result of a case of diphtheria. The patient is Lois, the young daughter of Mr. Heskett, her ailment being pronounced as diphtheria in the past day or two. This is the first case of the disease to have developed in the village for some time, although there have been cases in the O'Fallons neighborhood recently.

A Mexican resident of the colony west of the depot is laid up from the effects of a gunshot wound below the knee received a few days ago. Prior to calling a physician an effort had been made toward unprofessional treatment with the result that the wound became infected and the limb badly swollen. It is claimed that the bullet wound was caused by "an accident." The injured man was taken to North Platte yesterday for treatment.

JUST A FEW REASONS

WHY the citizens of North Platte, Lincoln County and Nebraska have bought and are continuing to buy

Minnesota Mutual Life Policies.

Because they are standard forms.

Because this Company has an unassigned surplus of over \$380,000.00.

Because it is paying and has paid good dividend returns to its policy holders. ASK THEM.

Because it has long passed the experimental period.

Because it is sound, positive, permanent, and pays a state tax to operate in Nebraska.

Because a large number of bankers throughout Nebraska represent it and sell its policies to their customers.

Because its representatives are citizens, tax payers and boosters for their respective communities; they have the welfare of their fellowmen at heart and by hearing so much SAFETY FIRST noise they sell Minnesota Mutual Life Policies.

Because it has opened its farm loan department to loan money in Nebraska and Lincoln County will get its share.

Because our policies are a savings bank and as good as money can buy in Old Line Life Insurance.
