\$25.00 Reward.
The above reward will be given for the arrest and conviction of the party or parties who set out the prairie fire that burned east of town Sunday afternoon. 88-4 WM. SIMANTS.

The Hollowell Company.

In stating that the Hollowell concert Monday evening would be held at the Keith theatre The Tribune was misinformed. The concert will be given at the Elks' home and will be a feature of the reception to Governor-elect and Mrs. Neville. The admission therefore will be only to those with reception tickets. The company will furnish music for the dance which will follow the concert.

Passenger Men on Pension List.
P. W. O'Brien, in point of service, the oldest passenger conductor between Omaha and Cheyenne, has been placed on the pension list. Conductor St. Wilcox, who follows Mr. O'Brien in seniority, will go on the list this fall. It would be interesting to know just how many miles these conductors have run trains during their long term of service. The record of both have been excellent, and the company will lose two faithful employees.

Big Wheat Yield.
Frank Bockus, living up Box Elder canyon threshed 3,005 bushels of wheat from a fifty acre field, an average of a little over sixty bushels to the acre. The field of a neighbor averaged fifty-nine bushels. These are the largest yields reported this season. Figuring the wheat at \$1.50 per bushel, Mr. Bockus received for the one year's crop a gross sum probably twice as large per acre as he values the land.

Good, If True.
It is reported at Camp Llano Grande, Texas, that the Nebraska regiments will be sent home the early part of December though no official order has been promulgated. From the tone of letters written home by the soldier boys, the greater part of them have had about all the camp experience they desire. Doing the same old thing in the same old way becomes irksome.

Completing Auditorium.
Workmen are now engaged in finishing up the auditorium of the junior high school and in a short time it will be in readiness for such occasions as may demand it. For the floor 450 chairs of the opera pattern, have been ordered, and in the balconies comfortable benches having a seating capacity of 400 have been provided.
