

NORTH PLATTE LOSES THE LINCOLN GAME 40 TO 14

In the foot ball game at Lincoln Saturday the North Platte high school was defeated by the Lincoln high school by a score of forty to fourteen. The North Platte team went into the game with a vim and at the end of the first half the score stood fourteen to thirteen in favor of North Platte. Then the Lincoln boys showed their teeth and the North Platte boys apparently lost their ginger, for in the second half Lincoln run up a score of twenty-seven while North Platte failed to score. The North Platte stars in the game, as reported by the Lincoln Journal were Baker, Elias and Norris.

The North Platte team is light in weight compared with Lincoln, and this contributed to their defeat. Lincoln has in its team, however, one particular star player, largely through whose efforts the game was won.

The Bird has Flown.

Contractor Stack's bird of ill omen it is believed has now vanished, having given its last squawk Friday. The durn bird, however, was sure a dandy and its last performance was when the flies in the concrete mixer sprung a leak and an attempt was made to bring Lloyd Powers tractor across the river in order to furnish steam. The tractor stuck in the sand from which it was not rescued until yesterday morning. However, Contractor Stack secured the Cy Russell tractor, Sunday and thereby was enabled to furnish steam for the mixer yesterday and thus complete the concrete work.

The bottom of one of the asphalt kettles, which also burned out Friday, has been repaired and now with two brick setters and a full crew of brick totters Mr. Stack expects to fully complete the work by the end of next week—unless we have three or four feet of snow.

Mose Can Now Smile.

Mose McFarland and Walter Hoagland are not the only owners of canine "death angels," altho they may lay claim to that distinction. There are some other dogs belonging to well known citizens who may not be able to clean up seventy or eighty rabbits in one night but they can make short work of the occupants of the poultry yard. Yesterday morning three dogs succeeded in killing thirty chickens belonging to Mrs. J. H. Ponda in record time and the canines evidently enjoyed the sport more than will their owners when they pay for the thirty dead chickens—which they have signified their intention of doing. Mose of course don't like to hear of any one having bad luck, but he will be excused if he smiles when he learns this chicken story.

Successful Buy-at-Home Campaign.

A Holdrege special to the Bee says: Six thousand people were in town Saturday afternoon when the Holdrege Ad club closed its month's "Buy in Holdrege" campaign. The cash purchases during the month totaled a little over \$125,000. Many large grocery orders were sold, hardware for houses to be put up in the spring, furnaces, farm implements. Christmas goods seem to be about as popular as any line of merchandise.

Found Dead in Car.

A stranger about forty-five years of age was found dead in a car of coal Saturday morning by three of the employees of the ice houses. He was taken to the Howe & Maloney undertaking rooms but there was nothing about his clothing by which he could be identified. A ten cent piece was found in one pocket. Funeral arrangements have not been made.

MISS IRMA HUFFMAN VISITS CAMP AT LLANO GRANDE.

Miss Irma Huffman who is now touring Oklahoma and Texas, in connection with the Mutual Lyceum Bureau of Chicago, has lately seen something of border life at Llano Grande where the 5th Nebraska Inf. is camped and all of the North Platte boys are stationed. She rode on a train that has been held up several times. U. S. soldiers were in every coach to protect the American traveler.

On the road to Mission, Texas, she was shown the field where one year ago fourteen Mexicans and eight U. S. soldiers were killed in a battle. At Eagle Pass, on Monday, the 20th the citizens were expecting trouble at any time from Mexican towns just across the river.

At three of their "stops" a majority of their audiences were soldier boys. The scenery at most points was grand and the climate one continued summer season, no cold weather being experienced as yet. At Mountain Grove they went bathing in Silver Lake. Snakes and tarantulas are talked of and seen every day.

Irma says the soldier boys are all anxious to go home, but want to go into Mexico first. They all sent regards and expressed the kindest of feeling for North Platte and its people.

Two or three additional stenographers are needed in the office of Governor-elect Neville to answer the congratulatory letters received and the many letters received from applicants for appointment to state positions. It is really surprising the number of men who are "office hungry" and who desire positions that pay very modest salaries.

The entire paving force was centered on the concrete mixer yesterday and the concrete work was completed north of the track. This concludes that part of the work and Contractor Stack can smile and be happy. The work of setting the brick and running the asphalt can be done in almost any kind of weather.

Miss Elise Turley, of Sutherland, returned home the latter part of last week after visiting with Mr. and Mrs. Lem Bailey.

Attorney W. T. Wilcox went to Julesburg on business yesterday morning.
