### OSCAR FALK USES GUN TO END HIS EXISTENCE.

Oscar Falk, of Cheyenne, who came here a month ago to visit his uncles Andrew and John Falk and to improve his physical condition, committed suicide Saturday evening at his uncle's home seven miles south of town. He was about thirty years of age and for some time had been ill mentally. At the request of physicians he decided to try a different climate and came here a month ago with his mother who is in Stromsburg at the present time. He was thought to be improving and Saturday evening was working around the barns when called to supper. Shortly after entering his room on the second floor of the house the family heard the report of a gun and hurrying to the apartment found that he had fastened one end of the gun to the wall and placed the other end at his temple. The top of his head was taken off and his cap which had not been removed was blown downstairs. Death was instantaneous. Relatives were notified and several of them arrived here yesterday.

### Sale Opens Strong.

The Year End Clearing Sale, a yearly event given by Block, the ladies' outfitter, opened Saturday with a record-breaking attendance. The weather was fine, many country women were in town, the women of the city were out in full force shopping, and as might be expected all flocked to Block's to investigate the garment offered at such a saving of money. They found merchandise just as advertised, purchased liberally and went home satisfied that they had secured genuine bargains.

### Cochran Gets State Deputy.

A Lincoln dispatch states that Roy W. Cochran, of this city, present county surveyor, will be appointed assistant to state engineer Johnson, a position with a very fair salary attached. The selection of Mr. Cochran is a good one; he is a very competent engineer, energetic and one who will always be on the job. We congratulate him and expect in the future to note his appointment as state engineer.

### Gov-Elect Neville Goes East.

Gov-Elect Neville leaves today for Lincoln and after spending a day or two there will go to Washington, D. C., to attend a conference of governors from each state in the union. These conferences or conventions have been held yearly for a number of years past, and the object is to learn from one another the modes of administering the affairs of the several states.
