WHATS IN A NAME?

We believe that an attractive name is one of the essentials in our business, so we are going to give a five pound box of bon-bons to the person submitting the most suitable name for balcony room of The Oasis which will be opened in the new Belton building January 1. A committee has been selected to pass on the names submitted and choose the winner. All names must be submitted at our store before 6 o'clock Wednesday evening, December 29th.

How It Works

—The Christmas Thrift Club Explained.

When you become a member of the Christmas Thrift Club you select the plan of saving that suits you best.

- there are plans for the children—with deposits of ten cents each week and up.
- there are plans for older folks—with deposits up to \$10.00 each week.
- There are plans for everybody—and YOU are invited to use the Thrift Club just as you wish

The progressive plans are attractive because they are novel ways of accumulating money. The deposits required are small at first, but the totals that can be secured are surprisingly large.

For example, if you deposit 5 cents the first week, 10 cents the second week, then 15 cents and so on increasing the deposit 5 cents each week for fifty weeks, you will have \$63.75 plus the interest. This is the Five Cent Progressive plan. There are three others. One starts with 1 cent, another with 2 cents and the third with 10 cents, increasing by those amounts each week and paying totals of \$12.75, \$25.50 and \$127.50 respectively, plus interest, for the period of fifty weeks.

The reducing plans appeal to those who like to do the hard work first, in every thing they undertake. The largest deposits are made first, with each subsequent weekly deposit growing smaller until the fiftieth week, when only 1 cent, 2 cents, 5 cents or 10 cents is deposited according to which one of the reducing plans is selected. The totals that may be secured are the same as for the Progressive plans but the interest earned is much larger because the largest deposits remain in the bank a longer time.

There are eight regular or fixed deposit plans ranging from 10 cents to \$10.00 each week. Usually a much larger amount can be obtained by making these regular deposits of fixed amounts than would be possible by either of the other plans and is much better for those whose income is received regularly.

Deposits can be made weekly, monthly, or for as many weeks in advance as desired. Everyone will thus find the Thrift Club System a big aid to success in handling the income to the best advantage. Many will find it the best and easiest way to secure money for investment, for insurance, for school expenses, for taxes, or for other special things.

This is the Complete Savings Club Service—and it is for EVERYBODY. Come in and see all the different membership plans. Then you can select the one you wish to follow; the one that suits you best.
