Humors of a piano studio are related to us by Clarice Balas, the Cleveland planist, who writes: "One young girl who charged all she forgot to the neglect of her former teacher in the few words. "He never told me anything about that," was provoking me by her poor reading and bad time. 'What kind of notes have you in the right hand here?' I asked.

#### MORE MILK DISHES.

For economy let us use more milk, it is a valuable food and one quart even at 15 cents has as much nutrition as threequarters of a pound of beefsteak which has a large amount of waste. Milk is without waste, therefore a most economleat food. If skim milk

is used largely, when setting the sponge for bread, the product will be more highly nutritious, less shortening is used and a tasty loaf will result.

Potato Soup .- Cook and mash three medium-sized potatoes. In a quart of milk, skim milk may be used, add a slice of onion and a stalk of celery; scald and remove the vegetables, pour over the mushed potato. In a saucepan put two tablespoonfuls of butter, if the milk is skimmed, one if whole milk is used; add, two tablespoonfuls of flour, a teaspoonful of salt, and when well blended add a little cold milk and pour it into the soup. Boil up and serve piping hot with tonsted crackers.

Cream of Tomato Soup .- In a saucepan melt three tablespoonfuls of butter, add three and a balf tablespoonfuls of flour and stir until smooth, add a teaspoonful of sait, a teaspoonful of chopped onion, then add a pint of canned tomatoes, mixing well. Add soda and onion, return to the fire after straining and pour this mixture, slightly cooled into a cupful and a half of milk. Reheat and serve hot. Do not boll or the soup will curdle.

Cheese Soup .- Scald a quart of milk, add a slice of onion, a blade of mace, and a pepper pod. Melt two tablespoonfuls of butter in a saucepan, add the same amount of flour, when well blended add the milk, removing the seasonings, and cook until creamy. Just before serving add a half cupful of grated cheese, two egg yolks, well beaten, salt and pepper to taste, stir until the cheese is melted. Serve at once.

The cream soups which are so nourishing and which are made of various vegetables may all be made with skim milk, adding a little more butter to the flour for the binding. thus giving the food its right balance of fat.

The home-maker must fill many niches in her home and at the same time have the ability to direct with force and initiative all the business

#### GOOD EATING

Bananas are like the poor, always with us, and the many ways that this wholesome fruit may be served is legion.

Banana Pie. - Rice enough peeled bananas to fill a cup. To this add half a cupful of sugar, two tablespoonfuls of molasses or the grated rind and juice of half a lemon, half a teaspoonful of salt, one beaten egg, one-third of a ten-

Nougatine Cake .- Make a fine, light butter cake and bake in a shallow pan about three-quarters of an inch thick when done. Cut this into squares and cover both, top and sides with a creamy thick chocolate frosting, filled with minced and browned almonds. The nuts are ground fine and then browned and sprinkled thick into the frosting.

Mexican Rabbit .- Melt a tablespoonful of butter in a saucepan, add half a pound of Agerican cheese, cut up in fine bits; stir until the cheese melts, add three-fourths of a cupful of cornmeal and a large red pepper, cut in squares or shreds; then add the yolks half a cupful of thick tomato puree, stantly until the mixture is thick and of a teaspoonful of cloves, smooth. #### SOUR CREAM DISHES.

A few tablespoonfuls or half a cupful of sour cream is valuable these days, and should be used with economy.

Sour Cream Salad Dressing.-Whip a cupful of sour cream with a little lemon juice or pineapple juice for flavoring, season with salt, a little sugar and use on fruit or

vegetables. When vegetables are used for the salad a bit of red pepper, mustard or worcestershire sauce may be added. Sour cream may be substituted for sweet cream in any salad dressing.

Cottage Cheese .- Pour boiling water over a dish of thick sour milk, which will cook the milk enough so that it may be drained in a sieve. Season with plenty of cream, salt, a dash of red pepper and some melted butter, if there's not enough cream to give it richness. If plenty of boiling water is used, this method makes a tender curd and is quickly made.

Good Coal From Refuse.

Various devices for economizing fuel have been brought to notice in Holland since the war caused a difficulty in procuring coal. It has been found that 20 to 75 per cent of combustible material remains in furnace refuse and a device has been constructed which preserves a large part of it. The refuse is finely ground and placed in a liquid with a specific gravity a little greater than that of water. This is said to be very cheap, generally a refuse from factories. The mass is agitated, the heavier particles sink to the bottom, while the combustible material floats and can be scooped off to be used in the furnace. It is stated that 200 tons of refuse will yield 38 tons of good fuel.

#### Sausage Skins of Silk.

The packing of sausage meat in the old way has long been an objectionable proceeding to fastidious persons. It also has been declared insanitary, so that many families have tabooed the link sausage. Now thin silk cases are being provided, which can be sterilized to the last degree of sanitation. Being of chiffonlike texture, they would hardly be noticed if taken into the mouth, although they can be easily removed at the table.
