The Broadway success, "Bought and Paid For," has been converted into a mammoth motion picture by the World Pictures, Brady-Made. The popular little actress, Alice Brady, has been entrusted with the star part and has built up a character which will not be easily forgotten. Although the main plot of the story is a very serious one, the comedy vein which runs throughout make it one of those plays that will make you laugh with one eye and cry with the other. You will have the opportunity to see this picture at the Crystal Saturday night. 103-1

Success!

Our Torrington Vacuum sweeper is meeting with such success, we feel it our duty in the name of friendship to call your attention to this cleaner. It has not only a stronger suction but also a revolving brush. Combined as they are in this cleaner, they spell success. We are so pleased with its work that it is a pleasure to show it. Allow us to call and make a demonstration. Each demonstration helps to spread its fame. It positively does pick up threads.

BEET GROWERS WILL

MEET FACTORY MEN

MANAGERS GREAT WESTERN AND AMERICAN COMPANIES WILL BE AT HERSHEY SATURDAY

Assistant General Manager Simmons of Scotts Bluff, Arrived Wednesday and is personally inspecting conditions in the Valley.

The beet growers of the valley between North Platte and Sutherland and those living in the Sarben section, will meet in conference with Assistant General Manager Simmons of the Great Western Company, and Manager Denman, of the American Company, at Hershey tomorrow, Assistant Genl. Manager Simmons, who is active manager of the plant at Scotts Bluff, arrived in North Platte Wednesday from the east, where he had been transacting business for a week. He spent part of the forenoon with local beet enthusiasts, and then in company with Gus Heldt, agriculturalist for the Great Western Co., started out on a tour of investigation of the valley that he might learn personally the conditions as they relate to beet culture; the nature of the soil, the comprehensiveness of the irrigation system, the probable acreage, the yield per acre in past years and other facts that would naturally be desired should the location of a factory in the valley be considered by his company. He intended to devote three days to this work, and at the end of that time expected to be fully acquainted with conditions not only in the valley but in the Sarben section.

This conference tomorrow at Hershey was partially arranged when Mr. Simmons visited Hershey ten days ago, and was fully completed at the meeting of growers held at Hershey last Friday at which several North Platte men were present. At this meeting it was the sense of those present that Manager Denman, of the Grand Island factory, be invited to attend tomorrow's conference, and he has signified his intention of attending. Mr. Simmons also requested Mr. Denman to attend.

The meeting at Hershey last Friday was for the purpose of increasing the membership of the Platte Valley Beet Growers' Association, which had previously been organized at O'Fallon with Henry Fulk as president and Charles White secretary. At the Hershey meeting the membership was largely increased, and committees were selected to canvass the territory and solicit additional members, the object being to secure from 100 to 150 members, and by means of this organization be better fitted to present the claims of the valley for the location of a factory.

It is expected that at the meeting tomorrow the beet growers of the valley will learn just where they "are at," and some conditions or situations that now seem confusing will be clarified.

RAILROAD NOTES

Conductor John Hendenstrom, of the Omaha-Portland run, resumed work this week after enjoying a three weeks' vacation.

J. Walter Adams returned Wednesday morning from Omaha where he visited his son and transacted business this week.

Charles Singleton, of Frazier, Colo., arrived here a few days ago to accept a position as clerk in the office at the machine shops.

Jacob Blank, clerk in the Union Pacific headquarter office in Omaha was here Wednesday morning while enroute home from California.

Asst. Supt. Anderson returned Wednesday evening from the western part of this state where he spent several days on Union Pacific business.

Jack Husband, formerly employed in Foreman Norton's office in the local machine shops left Wednesday morning for Los Angeles to accept a position.

Ten employees of the Union Pacific were dismissed from service the first of this week for violating Rule "G." The men were employed in the local shops and on the road.

Division Master Mechanic Berry, of Grand Island, spent Wednesday evening at this terminal. He was enroute home from western points.

The freight embargo on the Union Pacific was lifted Monday night and 500 cars which had been tied up in the Omaha and Council Bluffs yards were released. The embargo was laid on account of congestion at eastern terminals which resulted in Union Pacific cars being held for a long period of time thus creating a car shortage on the home lines.

Butler Buchanan has been confined to the house for several days past by illness.

Mrs. Gifford, of Ogallala, came here the first of this week to take medical treatment.

Mutual Building & Loan Ass'n.

OF NORTH PLATTE, NEBRASKA.
ASSETS \$840,000.00

To Prospective Building & Loan Borrowers:

Non-resident Building & Loan Companies are advertising the fact that they have reduced the monthly payments of borrowers to \$1.10 per month on each \$100.00 borrowed, making the monthly payment the same as the Mutual Building & Loan Association of North Platte. They fail to state that of the \$1.10 paid to the non-resident company, there is only thirty-five cents credited as a principal payment, the balance seventy-five cents being taken for interest. Of the \$1.10 monthly payment to this association on each \$100.00 borrowed sixty cents is for interest and fifty cents is credited as a principal payment.

This difference in the amount credited the borrower will result in the borrower in the non-resident company being compelled to pay not less than \$25.00 more on each \$100.00 borrowed in order to discharge the debt than they would if they were doing the business with this Association.
