All the music of all the world, and most of the fun of it, too, is yours the moment you own a Columbia Grafanola. HARRY DIXON, the Jeweler.

No one thing gives so much pleasure to so many people for so long a time, at so little cost, as a Columbia Grafanola. HARRY DIXON, the Jeweler.

He bought his wife as a painting, for the ornament she would be to his house. She didn't know it until one night in a pique, he called her his chattel. Then to clear her name and the name of her father she pawned her jewels and bought her freedom. Touched by this display of independence he sees his wife's sterling qualities, slashes the priceless painting, "The Chattel," and replaces it with a painting of his wife. True love had forged his will. Dramatic, only as E. H. Sothern can make, "The Chattel" is dynamically charged with compelling interest. Peggy Hyland, the English actress, appears as the wife. This feature will be shown at the Keith Wednesday night.

MILK IN WINTER. Why do your cows give less milk in winter than they do in summer? Just because nature does not supply them with grasses and green food. But we have come to the assistance of Dame Nature with B. A. Thomas' Stock Remedy which contains the very ingredients that the green feed supplies in season. Only, of course, in a more highly concentrated form. We guarantee that this remedy will make your cows give more milk, and better milk, with the same feed. Sold by Derryberry & Forbes.

FLOATS WILL REPRESENT DEVELOPMENT OF THE WEST

The dozen floats, which will be a feature of North Platte's semi-centennial celebration, will represent the development of the west. The first will be the representation of the arid plains, with the Indians and buffalo, then the pioneers and gold seekers crossing the plains, followed in turn by the rancher and his cattle, the homesteader and his sod house, then the improved farms and farm houses, a serial picture of from the beginning to the present. These floats will be electrically lighted and will prove quite a feature; in fact the floats promise to compare favorably with the Ak-Sar-Ben floats in Omaha.

D. A. R. Meeting. Owing to the dinner to be given by the Twentieth Century club for the state meeting of city superintendents, the meeting of Sioux Lookout chapter of the D. A. No, Charles, it is not the intention, when admitting ladies into membership of the old settlers' association, to require them to state the date when they located in town, as in the case of an unmarried lady who has long been here, it might prove embarrassing as to age. So far as we are personally concerned we will ever defend the fair—even with our life's blood.

President Wilson yesterday approved the senate resolution which places every postmaster in the country under civil service. This means that if the measure passes those holding office can remain in office indefinitely unless removed for violation of the rules or incompetency, regardless of changes in political administrations.

DOUBLY PROVEN.

North Platte Readers Can no Longer Doubt the Evidence.

This North Platte citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Thomas McGovern, farmer, 409 E. Tenth St., North Platte, says: "I have used Doan's Kidney Pills off and on for a good many years, whenever I have become afflicted with kidney trouble from over-exertion and pains and aches have come in my kidneys and back. At times I felt so bad with stiffness of my back that I couldn't straighten up in the morning. Doan's Kidney Pills, procured from Rexall Drug Store, have always given me relief."

The above statement was given August 2, 1910, and on June 2, 1916, Mr. McGovern added: "I still use Doan's Kidney Pills whenever I feel my kidneys are not in good condition. They never fail to drive off any trouble and keep me in good health. 50c. at all dealers, Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mutual Building & Loan Ass'n.

OF NORTH PLATTE, NEBRASKA.

ASSETS \$840,000.00

To Prospective Building & Loan Borrowers:

Non-resident Building & Loan Companies are advertising the fact that they have reduced the monthly payments of borrowers to \$1.10 per month on each \$100.00 borrowed, making the monthly payment the same as the Mutual Building & Loan Association of North Platte. They fail to state that of the \$1.10 paid to the non-resident company, there is only thirty-five cents credited as a principal payment, the balance seventy-five cents being taken for interest. Of the \$1.10 monthly payment to this association on each \$100.00 borrowed sixty cents is for interest and fifty cents is credited as a principal payment.

This difference in the amount credited the borrower will result in the borrower in the non-resident company being compelled to pay not less than \$25.00 more on each \$100.00 borrowed in order to discharge the debt than they would if they were doing the business with this Association.
