Fire Damages Tolle Home

The residence of Chas. Tolle at 503 east Sixth street was damaged to a considerable extent by fire shortly after midnight Tuesday during a time when the wind blew thirty or forty miles an hour.

Mr. Tolle, who works at night, went home at midnight for his customary lunch, and had been there but a few minutes when the electric lights went out. At the same time he scented burning wood. Ascending to the second floor he discovered fire in the attic. He at once aroused his wife and children who were asleep on the upper floor, and sent in an alarm. The fire department responded and succeeded in extinguishing the flames after the roof had been pretty well burned. The interior was flooded with water, which immediately froze, making a rather demoralized mess of the furnishings. The fire originated from a defective flue in the attic.

Insurance was carried.

No Freight Moving.

Conditions in storm swept Wyoming have been such that not a car of Pacific coast freight has been sent through for eight days. The only freight moving west out of this terminal has been to Denver, and the local freight through to Cheyenne. Over nine hundred cars, much of it manifest freight, have been in the local yards since Monday and previous, and at Grand Island the yards are congested. East of North Platte sidings are full of west bound cars, the local yards having insufficient room to accommodate them.

Passenger trains from the west have been coming through, although running from eighteen to twenty-four hours late. Train No. 6 due Wednesday morning, arrived shortly after noon yesterday.

It is said that conditions in Wyoming are hourly getting in better shape, and it is hoped to have freight trains running within twenty-four hours.

Just About Bone Dry.

Under the liquor law now before the state legislature, intoxicating liquor is defined as "all liquor capable of being used as a beverage containing over one-half of 1 per cent alcohol." It is made unlawful for clubs or combinations of persons, or any place of public entertainment, to keep or aid or abet in keeping intoxicating liquors. Advertising of intoxicating liquors in any manner is forbidden, as also is soliciting or contracting for the sale or delivery of liquor, or the giving of information as to where liquor can be illegally obtained. Transportation of liquor "knowingly" for illegal purposes is made a violation of the law. Penalties are laid against buildings, and provisions made for securing injunctions against the maintenance of nuisances, with penalties to cover owners, landlords and tenants.

Wheat Goes Down Rapidly.

Last Saturday wheat sold in the local market for \$1.76 per bushel; yesterday the price offered was \$1.35, a decline of forty-one cents a bushel in less than a week. In Omaha yesterday the market opened sixteen cents lower than Wednesday, but recovered six cents and closed at ten cents lower.

TOLLEFSEN WILL ERECT A BIG GARAGE AT KEARNEY

Clarence E. Tollefson, who lately sold out his lumber yard at Sutherland after conducting it seven years, is making North Platte his headquarters preparatory to moving April 1st to Kearney where he will erect a garage and engage in the automobile business. The garage, which the Kearney Times says will be the largest and most complete in the state outside of Omaha and Lincoln, will be located on the corner opposite the Midway hotel. It will be two stories, and embrace all of the latest arrangements for the showing, storing and repairing of cars. It will have two fronts, one on Central avenue, the other on the Lincoln highway. A big distributing department, central and western Nebraska will be the particular feature of the business. The first floor will be devoted to the salesroom and the second to the machine shop and storage purposes. Work on the building will begin as soon as the weather will permit.

Marshall Oil Co. Sell Out.

The plant of the Marshall Oil Co. in this city has been sold to the National Oil Co., the manufacturer of the White Rose gasoline which has met with much favor by North Platte auto owners. The sale was consummated a few days ago and becomes, we are told, effective today. The sale includes the plant in the east part of town, wagons, horses and other appurtenances, and it is probable the National Co. will have a district agent who will make his headquarters in North Platte.

Jack Harter, who has made North Platte his headquarters for the Marshall Co., will continue in the employ of that company, but will probably of that company, and will remain here until July.

PEOPLE AND EVENTS

The English city of Bradford now derives a revenue of \$200,000 a year from what was formerly the unutilized refuse of city sewers.

A rope of 258 large pearls, formerly worn by Queen Victoria and bequeathed by her to the duchess of Albany, was sold in London recently for \$13,500.

It has been computed that the average individual in the civilized world uses eight matches a day. Three millions of them are struck every minute of the year.

An Oregon judge, evidently a live member of the gas wagon host, advocates a return to the whipping post for automobile thieves. Why not revive the methods by which the pioneers discouraged horse-thieving?

Ocean traffic yields handsome profits these stirring times. A Philadelphia schooner bought for \$55,000 a year ago and engaged in the Brazilian trade already has netted its owners \$68,000 and is now valued at \$75,000.

Less than a year ago Philadelphia voted \$114,500,000 for public improvements. The bonds received such a great popular majority, which induced the administration to extend the improvement plan, necessitating more bonds. A special election is called for April to vote \$9,000,000 more.

Councilmen are waist high in clover. Billy Sunday is now billed ahead for eighteen months. The salvation of Buffalo has just begun and will continue eight weeks, and New York gets in the Sunday wirl beginning April 7.

The invasion of Chicago starts September 24, and Washington, December 21. St. Louis and Los Angeles are the big sinners booked for success in the big sinners book for the first half of 1918. Boston's few well collection netted \$53,000, passing Philadelphia by \$1,000 and setting a hot pace for subsequent sinholes.

THE HEN THAT LAYS

is the hen that pays. If she does not lay, kill her, but before you kill her give her B. A. Thomas' Poultry Remedy twice a day for a week, and then you will not kill her for she will be paying you a profit. It not only makes hens lay but it is a remedy for Cholera, Roup, and Gapes.

We guarantee it to cure or we refund your money. Sold by Derryberry & Forbes.

Another Touch of Winter

As predicted by the weather bureau, a blizzard struck this section of Nebraska Tuesday night, but fortunately did not long continue. The wind was strong and quite a little snow fell along about midnight. The temperature kept dropping during the night and at seven o'clock Wednesday morning registered ten below at the local weather bureau. The wind Wednesday was not strong but keen and rather severely felt.

Quart of Whisky Each Month.

Under the prohibition bill which has been introduced in the legislature twelve quarts of beer or one quart of whisky, or its equivalent in wine or something like it, will be allowed to each person in Nebraska each month. No advertising of liquor can be made in the state, nor can any drug store handle it. The measure does not make the state "bone dry," but the conditions will be mighty close to it.

Workmen are employed this week in putting a tile roof on the new Catholic school building. Owing to the scarcity of laborers and delays in the shipment of material the building was not completed as soon as expected.

LET US INTRODUCE

QUALITY TO YOU

Quality

Quality in Cigars has been our aim since we began making cigars in North Platte over thirty years ago. We put quality in the first cigars we made, and that same quality is in the cigars we make today. Schmalzried's Cigars have stood the test of those more than thirty years. What greater evidence of quality could you desire? If you have not been smoking Schmalzried's cigars, try them—they are certain to please.
