NORTH PLATTE, NEBRASKA.

### FILE DAMAGE SUITS FOR INJURIES RECEIVED IN WRECK

Charles E. Sypher, of Somerset, and John H. Tetterton, of Wallace, have filed suits in the district court for damages on account of personal injuries received in the Burlington railroad wreck near Smithfield last October. Sypher sues for \$10,000 and Tetterton for \$15,000. The former alleges that as a result of the injuries received that he is unable to work, and that previous to the accident he had an income of \$1,500 a year. As evidence of the seriousness of his injuries he claims that his hospital bill exceeded \$200.

Tetterton alleges that he was pinned in the wreckage for two or three hours and the horrors of the wreck and the uncertainty as to whether he would or could be rescued so preyed on his mind that he has since been somewhat of a physical wreck, and his condition, together with the injuries received, has unfitted him for labor and that it is probable that his disabilities will be permanent.

### Special Agent North Married.

Card were received in town last week announcing the marriage of Miss Rosa Dennis daughter of Mr. and Mrs. Charles W. Dennis, of Grand Rapids, Mich., to Ralph LeDiot North of this city. The wedding took place on Friday February 1st and the honeymoon was spent in eastern cities. Mr. and Mrs. North are expected here Thursday to make their home. The bride was a teacher in the Michigan schools and the groom came here the latter part of April, 1916, to act as special agent for the Union Pacific.

The supreme artist of the screen, Marie Doro, will be seen at the Keith tonight supported by the child actor, little Billy Jacobs in a photoplay of heart interest, "The Heart of Nora Flynn," revealing glimpses of sweetness and pathos with strong dramatic moments and a powerful but happy climax. Miss Doro's role is one of charm and the admirers of Billy Jacobs know that he can do more self expression with his fists than many an actor can get from his facial muscles.

The ladies of the Methodist aid society will again make an effort to secure the \$100 offered by Today's Magazine for subscriptions. The ladies have earned this sum twice before and are anxious to succeed again as it will assist them in raising their share of the expense of the new church building. If those who desire to renew their subscriptions will please give the renewal to any of the Methodist ladies it will be greatly appreciated. The ladies desire to secure the required number before April 1st, as after that date the price will be raised from 50 cents to 75 cents a year. 8-2

### A Day's Work for Rose.

Rose, the pride of the Experimental Substation, is an efficient worker of the highest order. During one day she ate 30 pounds of grain, 40 pounds of silage and 19 pounds of alfalfa hay and produced 100 pounds of milk. At present market prices Rose's day's feed cost 66 cents, and her day's milk would have brought on the local retail market \$4.00 to \$5.00 or at wholesale price of 25 cents per gallon \$3.12. But it is when we calculate the human food value of the day's production, not in the market value of the milk, but in the home market price of other common foods having the same amount of food nutrients as the 100 pounds of milk, that we see the remarkable efficiency of the dairy cow as represented by Rose, under the skillful management of Mr. Sarah. According to the United States Department of Agriculture, 50 quarts or 100 pounds of milk, representing in this instance 66 cents worth of grain and forage, contain the same amount of food nutrients as any one of the following items. If when looking down this list it should occur to the housekeeper that the high cost of living could be reduced by using more milk and less meat, she would be arriving at a conclusion supported by science.

Following are the food equivalents and present retail values of Rose's one day's production of 100 pounds of milk: Dried beef, 44.5 lbs. at 40c, \$17.80. Eggs, doz., 23.3 at 40c, \$13.32. Beef, sirloin steak, 39.5 lbs. at 25c, \$9.88. Beef, chuck, 44 lbs., at 20c, \$8.80. Mutton, hind leg, 38.5 lbs., at 20c, \$7.70. Pork, loin, 27.5 lbs., at 25c, \$6.87. Sweet potatoes, 76 lbs., at 6c, \$4.56. Irish potatoes, 112.5 lbs., at 3c, \$3.37. Weinerwurst, 23.5 lbs., at 18c, \$4.23. W. P. S.

We don't expect an order every time you hove in sight, and will just naturally be glad to see you at any time.

**Coates Lumber & Coal Co.**  
North Platte, Nebr.

## Mutual Building & Loan Ass'n.

OF NORTH PLATTE, NEBRASKA.  
ASSETS \$840,000.00

To Prospective Building & Loan Borrowers:

Non-resident Building & Loan Companies are advertising the fact that they have reduced the monthly payments of borrowers to \$1.10 per month on each \$100.00 borrowed, making the monthly payment the same as the Mutual Building & Loan Association of North Platte. They fail to state that of the \$1.10 paid to the non-resident company, there is only thirty-five cents credited as a principal payment, the balance seventy-five cents being taken for interest. Of the \$1.10 monthly payment to this association on each \$100.00 borrowed sixty cents is for interest and fifty cents is credited as a principal payment.

This difference in the amount credited the borrower will result in the borrower in the non-resident company being compelled to pay not less than \$25.00 more on each \$100.00 borrowed in order to discharge the debt than they would if they were doing the business with this Association.

**Mutual Building & Loan Association**  
OF NORTH PLATTE, NEBRASKA.
