The Hendy-Ogier Auto Co., local agents for the Ford Motor Cars, has received the following letter from the Ford Motor Co.:

#### TO ALL AGENTS

On account of the demand for cars at this time, it will be necessary for you to secure orders before deliveries can be made. We will request that you immediately make arrangements to procure signed orders, forwarding same to this office and we will be able to deliver practically as fast as you can send in the orders. This does not mean a delay of from sixty to ninety days, as it is just a matter of properly distributing the cars to agents who can make immediate deliveries.

The funeral of the late Herman Kosbau and son who were killed in an automobile accident Saturday evening was held from the Presbyterian church Wednesday afternoon. Rev. C. B. Harman was in charge of the services which were attended by a large number of friends and members of the different fraternal orders to which the deceased belonged. Mr. Kosbau was born in Germany in 1874 and came to the United States at the age of fourteen years. He was married in Iowa in 1905 to Miss Della Grant who survives him. Other surviving relatives are his son Harry, sisters Mrs. Wm. Anderson and Mrs. Postwick and brother Fred Kosbau. Interment was made in the North Platte cemetery.

Man since his creation has been a victim of circumstances. Few there are who do not feel their part in the great drama—the evolution of things. The code of life is but a condensation of wisdom gleaned from experiences and established in laws to guard frail humanity. These facts are plainly emphasized in "The Rise of Susan," with Clara Kimball Young, at the Crystal Saturday night. "The Rise of Susan" is a story of every day people with plenty of action.

Hog Shipments Continue Heavy. C. H. Walter, the hog buyer, has shipped out a few more than five hundred hogs this week. They were bought at prices ranging around \$11.50, and the total paid out was in the neighborhood of \$15,000. The hogs that are being marketed are somewhat light in weight due to the high price of corn and the fact that growers desire to ship before a possible decline in price might occur.

Millions of Dollars  
Ahead

In no other country in the world has the use of banks become so universal as in America. Yet with a population of slightly over 100,000,000 we have but some 40,000,000 bank accounts or about one to every three people.

Are you one of the "Ones" who have a bank account, or one of the "Twos" who have not?

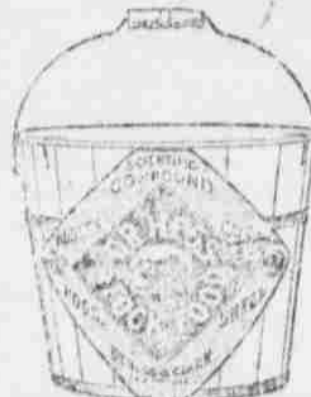

The "Ones" are millions of dollars ahead of the "Twos."

Better get on the right side by opening your account here, now, with a dollar or more.
