**MR. WALTERMATH ISSUES AN ADDRESS TO VOTERS**

After mature consideration, I have decided to run for mayor. It is no thought of my own but by the large number of my friends who have urged me. If the voters of North Platte should elect me to the office, I would not be able to express my feelings.

I came to North Platte from Germany penniless when I was sixteen years old, and after thirty-five years' residence I have no interest or desire outside of the city.

I am the candidate of no committee or faction, but of all who desire to support me.

I am the head of no slate and I hope that my friends will vote for whatever candidate for the different offices they believe best qualified.

I want to be fair and just between man and man, and if elected I will be honest and economical, and do my best to keep down the taxes.

I am a lover of liberty and freedom. I believe in recreation, and think that every man should be allowed to choose his own form as long as it is within the limits of good government.

I am for the bonds for the fire station, and if elected will do all I can to see that the best possible building is erected to meet the wishes and demands of the fire department and the city and will do all I can to further equip and assist the fire department.

I believe that the next improvement needed is a general extension of water service and fire mains, including the cemetery, and that this should be attended to at once. I am directly interested and know the needs.

I believe that the north side of the city should have for the present, at least more police protection.

I do not pretend to know all the conditions in the city, but if elected, would do the best I can to discharge my duties.

Yours respectfully,  
HENRY WALTERMATH.

**Lots of Candidates.**

So many petitions are in circulation for mayor and councilmen that it is pretty hard to keep track of all. In fact The Tribune has not been able to do so and will wait until these petitions are filed with the city clerk next week before giving a list. It was said on the streets yesterday that there will be a third candidate for mayor, a "dark horse" to be entered within a day or two. It was further said that "dark horses" would also be entered for councilmen in at least two of the wards.

**\$25.00 Reward.**

Will be paid by the Board of Education of North Platte for information leading to arrest and conviction of any person who unlawfully enters, or has entered any school building, or who unlawfully destroys or has destroyed, school property within the School District of North Platte.
