

## Shortage of Automobiles

this year is certain, but compared to the shortage of Dodge Brothers cars, it may be said to be as yet unimportant, and with most makes, plenty of cars are yet to be had for delivery.

I am not only short of Dodge cars, have been short all winter long, but right now and for some time past, have been totally OUT of Dodges. Orders are now on file for a number of cars, and I could have delivered at least three carloads last week to my agents, if I could have obtained them. I do not expect to catch up with my orders for many months. Won't you call in or phone your order for a Dodge car, if you want one this spring or summer, as only by filing these orders, can I hope to get cars for you anywhere near when you want them. Do it today. Do not take some lesser car solely because you can get an immediate delivery. It will pay you many times over to wait and finally get a Dodge.

### LOCAL SWEDES ORGANIZE COLONIZATION ASSOCIATION

Business men of North Platte and farmers of the adjacent territory of Swedish Nationality to the number of twenty-five have organized a Swedish Colonization Association and elected as officers John E. Nelson president, Claus Anderson vice-president, J. E. Stenvall secretary and treasurer and S. M. Johnson assistant secretary. While the members of the association now number but twenty-five, this membership will be increased, and every Swede in the county is invited to join.

The object of the association is to colonize or have locate in Lincoln county Swedish farmers and stockmen to assist in financing them in the purchase of land, live stock or implements, and to this end assist men of that nationality to obtain good homes and at the same time further develop and improve Lincoln county.

The association has already advertised in eastern papers the advantages in Lincoln county is being deluged with letters of inquiry. A fund has been created to further carry on this advertising campaign, and later in the spring a representative will be sent east to thickly populated Swedish settlements to further tell of Lincoln county's advantages.

Lists of land for sale have been furnished the association, and when an interested party writes the secretary for information as to a certain class of land desired, the writer is furnished with the lands listed, the conditions and prices.

It is believed the association will be instrumental in securing many new settlers for Lincoln county. Certainly these efforts are to be commended.

### Haspel Denies Report

A rumor has somehow been circulated, that I should have said, that if any one put an American Flag on my auto, that I should tear it down, spit on it, and trample upon it. This rumor is absolutely false, and I hereby brand the same as a malicious falsehood.

I further desire to say, that as between Germany and its European enemies, my sympathies have been with the land of my birth, but as between Germany and the United States, I stand loyal to the country of my adoption, and I give it my undivided and loyal support.

### ALBERT HASPEL.

### A Well Deserved Promotion.

For over twenty-five years Mr. Redmond, as cashier, has given the Union Pacific the best that was in him—conscientious, painstaking service that entailed long hours and close application. No matter how rushed with work, Mr. Redmond was always courteous and obliging to patrons, and made friends for the company. Shake, Frank, you well deserved what has been given you.
