Will Plant 40 Acres of Beans

Arthur Rush and one or two others have leased forty acres of the Albert Muldoon farm west of town and plant the forty acres to beans. The ground selected has been well tilled and can be irrigated.

The present high price of beans and the likelihood of them remaining at the altitudinous price, has been the incentive for Mr. Rush and his associates to engage in the bean culture so extensively. The crop will be put in after the danger of frost is past.

Farewell to J. Barleycorn

At 8 o'clock last night, 829 saloons, fifteen breweries and ten rectifying plants in Nebraska closed under the new prohibitory law.

Purchase, manufacture, sale or gift of liquor is prohibited, but possession is not forbidden. A large number of saloons throughout the state, reports said, sold their stock before noon yesterday.

As a consequence prices soared until bottled whisky and beer, retailed in many towns at prices prohibitive to the meager purse. Stocks of a few dealers were auctioned and the bidders were eager and the "knock down" figures high.—Omaha Bee.
