TWENTY-NINE GRADUATES RECEIVE THEIR DIPLOMAS

An audience that filled the seating capacity of the Franklin auditorium attended the high school commencement Wednesday evening, when a class of twenty-nine were given diplomas. The program opened with a piano selection by Miss Wright during which the high school faculty and the class marched from the rear entrance and took seats on the stage. Following a selection by the girls' glee club, the class president, Francis O'Connell, gave an address on patriotism and Miss Georgina MacKay read a history of the class, which in the first or freshman year numbered one hundred, but grew smaller as the high school period advanced. Miss Theo Schwaiger sang a well rendered solo, and Paul Roddy gave a class prophecy, telling the status and condition of the graduates as he found them thirteen years hence. As valedictorian Miss Marie Dross delivered an excellent address, and was presented with a \$100 scholarship in one of the eight Nebraska colleges.

A solo by Paul Harrington was appreciated, followed by a patriotic address by Byron Oberst, representing the high school alumni, which he admitted was in a rather unorganized and chaotic condition, and appealed to the class to re-organize the association and through it do a service to the community. Miss Brown, the class adviser, was presented with a \$50 Liberty bond by Miss Helen Bird, in behalf of the class, for the hearty interest she had displayed in its welfare, which she very modestly accepted. Supt. Toat complimented the class for its uniformly good work and standing, and as Mr. Toat is conservative in his praise, the girls and boys undoubtedly deserved the good words spoken. President Elder, of the board of education, following an address, presented the diplomas, and the program closed with a well rendered solo by Mrs. Chas. Leininger.

The graduates were:
Joline Antonides Della Armstrong
Velma Lister Gladys Witt
Helen Koonitz Florence Wilcox
Archie Hood Katharine Walter
Elizabeth Broadbent Helen Tatum
Evangeline Herrold Ethel Souser
Adolph Hansen Doris Heibert
Elena Falk Paul Roddy
Ruth Elder Glenn Kinser
Mary Drost Charles Kincker
Fern Dolph Jennie Reneau
Ralph Coates Francis O'Connell
Bessie Chamberlain Era Mason
Helen Bird Georgina MacKay

High Cost of Living Solved.

Do you know one thing that has not increased with high cost of living— "Artificial Ice." Thousands of dollars are thrown away in garbage cans that could be saved with the small expense of an Ice Book. Remember in buying always use the best. Phone 49 Artificial Ice and Cold Storage Co. 39-8

Purlin Flowers from Graves.

Early Decoration Day morning a lady of this city went to the North Platte Cemetery to decorate the grave of her infant child and placed a number of bouquets there in vases. In the evening of that day when the grave was visited for the second time, the family found that the flowers had been removed during the day. An investigation in the matter is being made.

Another Instance of the Disappearance of Floral Pieces.

Occurred shortly before noon on that day when relatives placed flowers on the resting place of their mother, after which they walked around the cemetery. Upon their return every flower had vanished and a search for them was unsuccessful.

Bruce Brown, of the Brady telephone exchange, transacted business in town yesterday. His right arm, which was fractured in an auto accident, is knitting satisfactorily, and while it is causing him much inconvenience he is very grateful that he escaped without more serious injury.

George Harry McCutcheon's sequel to "Grandpa's Ark." The Prince of Grandpa's Ark will be the feature attraction at the Crystal tonight. The story is a pretty one, and shows strong interest and the principal characters are happily cast through Wadsworth and Marguerite Chisler taking the leads.

Let us hope that the weather predictor filling has gone away for a week, that the young man in charge of the bureau will give us longer and warmer weather, and wearing of overcoats in June is not to our liking.

On many Lincoln county it has been reported that it is in progress and with a favorable amount the loss of the same may be made up largely by the increased production of corn, for the average in abundance.
