

Professional eye service

Testing eyes is a distinctly professional work. True, it must be done before properly fitted glasses can be secured. But at Clinton's the professional side is above the mercantile side. Our optometrist does not think of selling a pair of glasses, but of learning exact eye conditions. If these do not make glasses advisable, he says so. And you can rely on his advice. Let him examine your eyes.

From Credit to Cash On and After Oct. 1 WE WILL SELL For Cash Only

In business there are Three Important and Essential Factors, the Producer, the Seller and the Consumer. The most important of these three is the Consumer—the one who uses the goods. As sellers of highest grade Footwear our interests are very closely associated with the interests of the Consumer—YOU! Hence it follows that anything which benefits to consumer will benefit both of us.

On and after October 1st our business will be operated on a cash basis. Personal charge accounts will be discontinued. This change of store policy is made in your interest as well as our own. You will be given the benefit of our decreased "overhead" by correspondingly LOWER PRICES. And at this time when general costs have been greatly increased due to conditions beyond your and our control, it's bound to be mighty interesting for you to know that at the BIG SHOE STORE like ours has adopted a policy which will make it possible to place before you the ultimate in expert shoe merchandising.

QUALITY--SERVICE--PRICE

No one need feel any sense of injury at being asked to pay cash. Our first class credit customers are many in number—AND NINETY-FIVE PER CENT of our patrons who have and are now carrying "charge accounts" will welcome the new policy because they realize that CASH BUYS CHEAPER THAN CREDIT. It isn't a question of getting our money that concerns us most, it's merely a matter of getting lined up with the NEW WAY OF DOING THINGS—the way that gets cash—pays cash and gives better values for less money. We do not make this move in a spirit of retaliation toward anyone. With us it is strictly a business proposition and we are putting it up to you SQUARELY. We want your business and expect to get at least a share of it on the basis of QUALITY, SERVICE and PRICE—and last but not least—COURTESY. One price and that one CASH after October 1st; on this platform of sound business practice we respectfully solicit a continuance of your patronage.
