Morning Wedding
The marriage of Miss Mary Feekin of this city and Mr. Albert Kopf, a young farmer who resides northeast of town, took place at eight o'clock Wednesday morning at St. Patrick's church with nuptial mass. Rev. P. F. McDaid was the officiating clergyman and the attendants were Miss Rosie Kopf and Henry Shaffer.

The bride wore a stylish tailored suit of midnight blue material with trimmings of a lighter shade and a large white hat. She had an immense bouquet of white Killarney roses.

Miss Kopf also wore a becoming blue tailored suit and white lace hat.

After the ceremony a number of relatives and friends were served with breakfast at the home of the bride's parents on east Sixth street, and later the bride and groom left for Omaha, Columbus and Crete to spend two weeks with relatives and friends.

Mrs. Kopf is the daughter of Mr. and Mrs. John Feekin, and has lived here for a number of years. She is an attractive and sweet dispositioned young lady who has many friends.

The groom is the son of Mr. and Mrs. George Kopf, and is one of Lincoln county's successful and enterprising young farmers. They will make their home on his farm a few miles from this city.

Raise in Levy
The county commissioners completed work a few days ago on the 1917 tax levy for North Platte and Lincoln county. The levy this year is 108.48 mills on the dollar. Last year the rate was 97.5 mills. The raise is due to the new bridges and buildings built during the past year. In Lincoln county the assessed valuation of real estate and personal property is \$6,385,690.00 and in North Platte it is \$1,033,820.00. The state levy which was formerly 6.48 mills is now 8.48 mills.

Speeders Arrested
Robert Dickey, Harry Pizer and Lawrence Earhart, who were arrested Tuesday for exceeding the speed limit in their automobiles appeared in police court Wednesday where they plead guilty and were fined \$5.70 by Judge Sullivan. A. E. Green, a traveling salesman for the Cole car who was also arrested asked a continuance for one week.

Announce Wedding of Daughter
Mr. and Mrs. John Burke have issued invitations to the marriage of their daughter Lulu Jessie to Mr. Robert Burnett Stanard, of Denver. The ceremony will take place at the Burke home on Wednesday evening, September 6th at 8 o'clock.

Adrian Pizer has returned from a visit with relatives in Lewellen.

To the Ladies Who Knit
A most urgent appeal has reached us for knitted sweaters, mufflers, wristlets, and socks, to protect our American soldiers and our allies in the frozen trenches the coming winter. If you can knit or will learn to knit and are willing to help in this merciful cause, please phone Mrs. Fremont Watts.

PUBLICITY COMMITTEE,
Lincoln County Red Cross.

Sidney Contractor Killed
Irwin Frost, a contractor of Sidney was instantly killed yesterday morning while crossing the tracks in an automobile west of Chappell. The car was struck by train No. 6 and completely demolished. It was also necessary to remove the pilot of the engine which was damaged. The body of Frost was thrown out of the car and onto the pilot. The engineer and fireman state that they whistled for the crossing and several others heard the whistle. Frost leaves a wife and two children and was formerly a resident of Fairbury.

Christian Congregation Calls Pastor
At a meeting of the Christian church congregation held Wednesday evening a call was extended to Rev. T. A. Lindemeyer of Houstonville, Illinois, to take charge of the local church. He has been holding successful meetings in the church for the past ten days and will take up his duties here September 9th.

Episcopal Church
Sunday, August 26th, morning service at 11 o'clock with sermon. Rev. Henry Ives, of Sidney will officiate.

Special Claim Agent T. F. Watts was called to Chappell yesterday to investigate the suicide of George Larson, a farm laborer, who hung himself to a box car and the body was discovered by the engineer on No. 3.

Weather forecast for North Platte and vicinity: Fair tonight and Saturday and probably Sunday; warmer tonight. Highest temperature yesterday 81, a year ago 89; lowest last night 45, a year ago 57.

Mr. and Mrs. Clark, of Fremont, are visiting this week with their cousins Mr. and Mrs. Horton Munger while enroute home from an automobile trip in western points.

Mrs. T. Tottenhoff left the latter part of last week for Ft. Madison, Iowa, to visit her mother and other relatives for two weeks.

"THE PINCH HITTER"
A picture every red blooded American will enjoy.

A gawky youth goes to college and becomes a man's man and woman's too.

Crystal Theatre Monday Night.

Lubricating Gasoline Gives You 25% More Motor Life More Mileage More Power

Lubricating Gasoline

is produced by treating Gasoline with **Lubri Gas**, a scientific, mechanical and chemical production of a chemist who having conceived the idea that lubricating oil properly treated could be made to properly and uniformly assimilate with water or gasoline.

Don't Be Deceived

LUBRI GAS does not make your gasoline burn any longer, neither does it make it more powerful.

Lubri Gas is Lubrication

By the lubrication of machinery we reduce friction, by the reduction of friction we reduce the amount of power necessary to propel machinery; by reducing the amount of power necessary to propel machinery we can reduce the amount of fuel necessary to produce sufficient power, hence more mileage.

Likewise

by lubrication we reduce friction; by reducing friction we reduce resistance of machinery; by reducing resistance we give machinery more **POWER**.

By lubrication we increase the life of machinery.

CARBON

will not stick or adhere to an oily surface.

Cool Engine--No Carbon

Lubricating gasoline reaches the internal engine as a vapor compared to a mist or fog in the air; this **lubricating vapor will not burn**. When the explosion of the gasoline vapor occurs then the vapor or mist of (**Lubri Gas**) lubricating gasoline is sprayed throughout the entire combustion chamber, thereby allowing perfect expansion and contraction of the piston rings.

Carbon not being property that will stick or adhere to an oily surface must of necessity move onward and is forced by compression out of the inner part of the engine through the exhaust valve or pipe.

Lubri Gas Lubricating Gasoline is Logical

REASONABLE, Mechanical and Scientific Proven by test. Guaranteed to give you Satisfaction.

More Reasons

By the reducing of friction we reduce heat; by the reduction of heat we give you a cool engine—You can't boil water in your car if you use Lubri-Gas.

Demonstration Week

we are going to sell lubricating gasoline at the regular price. We earnestly request every automobile owner in this city and vicinity to buy lubricating gasoline and try it for yourself.

We have added extra help and are prepared to give you quick service and certainly it is worth your while to try this wonderful product of merit and know for yourself if lubricating gasoline is what is claimed for it.

See the Demonstration

in our window. Let a gasoline engine expert explain to you why **lubricating gasoline** is the gasoline you will eventually buy and if your engine is not giving you satisfaction let him explain to you why not.

Lubricating gasoline gives you perfect ignition, clean spark plugs, joy and pleasure in driving, better and cheaper fuel.

25%

**More Mileage
More Power
More Motor Life**

Remember all this week, come early and start using lubricating gasoline so you can have ample time to give it a thorough test.

Our guarantee—You can make as many miles with 160 gallons of lubricating gasoline as you can with 200 gallons regular gasoline. You are burning dollars; why not save dollars?

DEMONSTRATION WEEK
From August 25, and Including
Saturday Night, Sept. 1, 1917

North Platte,
Nebraska
