CONTRACT FOR K. C. BUILDING AWARDED TO H. McMICHAEL

The building committee of the Knights of Columbus met Saturday evening and awarded the contract to Howard McMichael for the erection of a three story 44x126 structure on lots north of Hotel McCabe. The contract price is \$22,000, which includes the heating plant. The contract calls for the completion of the first and second floors by December 1st and the third floor by January 1st, allowance being made for delay in shipments of material.

The plans call for a very nifty building the first floor front to be of white enamel brick, the second and third to be of a green mat brick. The store front is especially attractive, the large show window extending across a good part of the front with entrances at the sides and a corridor in the rear with entrances therefrom to the business room.

A lease for the first and second floors has been executed by a local business house.
