

## A Ring Always Carries

a message of thoughtfulness and affection

No gift will be so treasured as a beautiful ring, nor the giver remembered longer. For centuries a ring has been the token of sentiment.

Everyone wants a ring—from the youngest to the oldest. And the meaning to each one is the same—an expression of affection.

Let your gift be a W.W.W. Ring. Full of grace and charm, splendid with gems, solid gold, the artistic creations of master craftsmen. No other make of rings offers you such splendid values. They come in all prices from \$3 to \$15 and up.

Each regardless of price has the same guarantee. Should the setting crack or come out, it will be repaired free of charge. Come in and see them.

Mr. and Mrs. R. H. Fowles arrived from California the early part of the week and will remain here for a couple of months, while Mr. Fowles looks after his business interests in this city and at Maxwell.

M. C. Harrington and family, formerly of this city, are now living in officers' quarters at Ft. Logan, near Denver, where Mr. Harrington ranks as major in the quartermaster's department and has been in service since the latter part of May.

The best yield of wheat so far reported to the office was grown by John Adams, living south of Bignell, the average being twenty-two bushels to the acre. Two hundred and sixty acres of wheat on the Edminston tract south of Bignell is expected to yield anywhere from ten to fifteen bushels.

J. E. Nelson has purchased of the Trotter garage a six-cylinder Paige of the Brooklyn four passenger model, a cross between a touring car and roadster with phaeton top and collapsible car seats. It is a nifty looking car.

Richard C. Bybee, ex-policeman, took unto himself a wife Tuesday in the person of Mrs. Hattie Blank, whose home has been at Kimball. The ceremony was performed by County Judge French at his office in the court house.

S. J. Anderson, who lives on the former Charley Tollison farm at Nichols, has been marketing some exceptionally fine apples in town. He also had a big crop of crab apples, one tree bearing twenty bushels and another sixteen.

We carry only first class merchandise. New merchandise arriving daily. You can absolutely rely on our styles. A new fall shipment of houses are certainly very pretty.

### E. T. TRAMP & SONS.

Mrs. Bent, of Pasadena, Cal., formerly Miss Effie Daugherty of this city, visited for several days with Mrs. Emily Plummer, while enroute home from the east. Mrs. Bent is a very ardent and enthusiastic pacifist and had been east to attend meetings held by those whose views she represents.

J. W. Tiley, now selling cars for the Davis Auto Co. is meeting with success as a salesman, having disposed of several since taking up the work. He is paying special attention to the Briscoe and Nash cars, new ones recently added to the Davis Co. line.

I have buyers for good farms. Any one wishing to sell, see me at once.

### O. H. THOLECKE.

John Lincoln, who recently recovered from a five weeks' siege of rheumatism that confined him to the house, has accepted a position in the Donaldson store and at the same time will carry three post studies in the high school. John attended the Kearney normal last year.

The Hendy-Ogier Co. has received a renewal contract with the Ford Motor Co. This contract, dated Aug. 1st was delayed, and the firm was somewhat "up in the air" as to the selling price. The manufacturer's price remains the same, but five dollars has been added to freight charges by the railroads making the price of the touring car \$400 in North Platte.

### FARMERS WILL NOT GET MORE FOR WHEAT

Chauncey Abbott, Jr., of Schuyler, Nebraska representative in the milling division of the United States food supply, is quoted by the Bee as follows:

"The farmers seem to be under the misapprehension that this wheat price fixed by the government is still subject to change and that by holding back their wheat they can force it to raise in price. That is a mistake. The Garfield commission investigated the grain situation recommended the \$2.20 basis for Chicago and the president adopted it and fixed it there. The commission was discharged and there is no provision in the law for a reconsideration of that price.

Thus the farmer can gain nothing by holding the wheat back. Even if we dismiss the patriotic side of the question the farmer must be the loser in holding back this wheat for the reason that he is losing the interest he might have on his money and the wheat is subject to more and more shrinkage the longer he holds it.

"But, worse of all, the holding back of this wheat impedes the progress of Administrator Hoover in his management of food affairs, seriously handicaps our army and the armies of our allies."

### Slackers Appear Before Judge

Six slackers were arraigned before Judge Woodruff in the federal court room in this city Wednesday afternoon. Five of these were ordered to register before the registration board, and be discharged from custody, but will be compelled to report to the county clerk their whereabouts every ten days for a period of thirty days. The sixth man, a negro, was found to be a soldier in the service of the government, was quite ill the greater part of their absence and had been arrested before his furlough had expired.

### Insurance

### BRATT, GOODMAN & BUCKLEY.

### The Reason Why.

The reason why Company E did not leave Wednesday morning as directed by Colonel Paul and as announced by The Tribune, was because the Colonel demanded sleeping cars for the boys and the Pullman company could not furnish them at that time. Chair cars for the company were held in readiness in the local yards Tuesday, but Colonel Paul said his troops must sleep enroute to Deming and not sit up in coaches all the way.

### Mexicans Vamoosed.

Among the draft registrants in Lincoln county were nine Mexicans, and the fact that they failed in any and every way to respond to notices sent out by the exemption board, the members of the board have about concluded that they have vamoosed probably going to their old stamping ground in sunny Mexico. It is a question whether these Mexicans could be made into good soldiers.

### Colored People Increasing.

The negro population of North Platte is now a score of times greater than ever before. This is due to importations of colored men from the south by the railroad company for common labor work. A number of these men are married and, brought their families with them.

### Wanted Dwellings

We have customers for several five and six room dwellings. If you have such a dwelling we can effect a quick sale for you.

### BUCHANAN & PATTERSON.

### Strike Ends at Packing Plants.

The strike at the packing plants at Omaha was settled Tuesday, the packing houses making concessions, including an increase of 2½ cents per hour for all employees, reinstatement of the men who went out on a strike, no discrimination against men for belonging to a union, and the hiring of men to be done by one man in each plant.

### New Engines for U. P.

General Manager Jeffers is quoted as saying that thirty new locomotives are routed for the Nebraska division. With every freight engine pushed to the limit of service and making greater mileage than the passenger engines, it is apparent that additional motive power is necessary.

For Sale—Parlor Peninsular and one large Acorn base burner, 407 east Second Street.
