

## Glasses time is drawing near

Winter time is hard on eyes. The days are short and the evenings long. Work and reading are done by artificial light, and the eyes are apt to be strained. One ought, at the beginning of winter, to have Clinton examine the eyes. It may be no help is needed. If that is the case, you'll be told so frankly. But if eye strain is present, the exact lenses to end the strain, improve and preserve your sight and health, will be prescribed.

### BIG CROWD ATTENDS CLOSING DAY OF FAIR

The Lincoln county fair closed Saturday afternoon with a record crowd in attendance. The races Friday and Saturday were the magnet which drew, and so far as we have been able to learn everybody was well pleased. The horse races Friday afternoon was a repetition of the exciting events held Wednesday and Thursday, and the wild west stunts were full of ginger. The only horse race Saturday was for Lincoln county horses, and those entered were by Blankenburg Brothers and Cy Russell. The former won.

The automobile races were the Saturday afternoon feature. The first was a slow race on high and was won by a Cadillac eight from the Romigh garage. A car from this garage also won the relay race. In the three mile race for Fords, a Sutherland car took first money and Raymond Ogier second. The five mile race was won by King Rhiley, of Oshkosh, and he was also winner of the twenty-five mile race.

### Life is Strenuous at Ft. Riley

In a letter to Ray Cantlin, Leonard Redmond says in part: "This is sure some life. Rise at 5:45, and fall in; then mess and after that drill till noon mess. Then we fall in again and drill until mess at supper time which is about 5:30. Then we have until 9:30 when lights go out and we must be in bed. That is some day, don't you think? We are not allowed to leave camp yet, and probably won't for a month yet. Arve Peterson, Casey and myself are in the same company with those of the North Platte boys who came first, but the rest of the Lincoln county boys are scattered all through the 355th regiment. Casey has his camera with him and today they gave us permission to take pictures."

### September Weather

The monthly summary issued by Observer Shilling of the U. S. weather bureau, gives the maximum temperature last month at 93 and the minimum 37, with 40 degrees as the greatest daily range. The month was less than one degree warmer than the normal for September. The rainfall during the month was 2.68 inches compared with seventy one hundredths of an inch in September last year and 1.81 inches in September, 1915. There were light frosts on the 20th, 27th and 30th, but so light that it did not injure vegetation of any kind.

### Who Sold the Whiskey?

John H. Casper, one of the concessionaires on the fair grounds last week has been sued for fifty dollars by Jessie A. Wright who was employed by him. Casper's belongings were attached by an officer and in a suit case was found a bottle of whiskey. The girl was asked where Casper got the booze. "Here in town," she answered. Asked from whom he purchased it, she replied "a man wearing an officer's star." The officers are now looking for the booze peddler who wore a star.

### New Duties for the Local Office

Effective at once the North Platte postoffice will be the supply and accounting office for ten of the larger postoffices in Lincoln county. The local office will supply direct all the stamps, stamped envelopes and post cards needed by these ten county offices and in addition will audit the accounts of those offices instead of having this work done in Washington.

The North Platte postoffice is thus growing in importance with a wider range of duties and additional employees must necessarily follow.

### Delinquent Tax List

On the extra pages of The Tribune today will be found the delinquent tax list, that is, a list of lots and lands on which the 1916 taxes have not been paid, and the tracts will be offered for sale November 5th for the taxes due. The list is much smaller than usual, an indication that with the average land or lot owner money is more plentiful with them and hence they did not allow their taxes to become delinquent.

### Jandus Sentenced for Forgery

Robert Jandus, alias Robert Chaura, pleaded guilty to the charge of forgery before Judge Grimes Friday and was given a sentence of from one to seven years. ### Suit Filed Against Scharman

The following from the Kearney Hub relates to a former North Platte boy: "Suit was filed Saturday morning in the district court by the Union Pacific Railroad, naming Andrew M. Scharman, of Kearney, and George C. Sayles, of Minneapolis as defendants in a judgment. Scharman was severely hurt over a year ago in an accident on the switch engine, of which he was engineer. The court granted him \$10,000 judgment but the attorney, Mr. Sayles, is claiming one-third as his share. Scharman has been paid \$6,667.67 of the verdict but the remainder has been placed in the district clerk's hands until it is decided who is entitled to it."
