Clinton makes a feature of ladies' watches.

You can see the latest styles now, bracelet and chatelaine models—each watch tested by our expert.

It's an exquisite display. Step in and see it. You will not be asked to buy.

INCREASED BUSINESS AT THE POSTOFFICE.

The North Platte postoffice was made a central office for all of the offices in the county. There are 12 district officers. This office handles all the accounts and furnishes all the supplies. We have added one more clerk to the force this year, and also a new rural route of 34 miles on the north side of the Platte River. The postal receipts of the office last year were \$32,000; the year before \$26,000. Our money order business increased about 40 per cent, and about 35 per cent more packages insured than formerly.

There is one trouble the postoffice would like to have remedied this next year, and that is when writing to friends, if the writer would in addition to giving the town and state would also give the street number and box number, it would save the office a good deal of time and the patrons much inconvenience.

In speaking of the trip Mr. Block said that his purchases will be heavier than ever before, due in part to the fact that with his enlarged modern store he will have more room for merchandise and a much better opportunity to display it, and partly to an anticipated heavy trade next spring, for the customers of the Block store are growing in number each season. To make room for the new stock, Mr. Block is now holding a January clearance sale.

WHY IS NORTH PLATTE FIRM?

Because Its Citizens Have Learned The Truth.

After reading this generous and encouraging report from Mr. Rogers, those who have the misfortune to suffer, as he did will naturally long to get similar relief. But to get the same good as Mr. Rogers had, you should get the same remedy. There are of course, other kidney pills but there are no other kidney pills the same as Doan's. That is why North Platte people demand the genuine.

M. C. Rogers, prop. of harness store, 514 Locust St., North Platte, says: "Once in a while my kidneys have become disordered and if I did not attend to them, I would get bad off. My back would become lame and there would be a steady ache in it. When I tried to straighten up after sitting, a sharp pain would catch me. I knew my kidneys were the cause of the misery, for at such times they acted too often, especially at night. Doan's Kidney Pills have always relieved any signs of such trouble, putting my kidneys in a normal condition. I know they can be depended upon and I am glad to recommend them." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rogers had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

"Patrons on rural routes should not overlook the fact that in order to get daily delivery of mail they must keep the snow blocked roads open," said Postmaster McEvoy yesterday. Patrons must see that these requirements are fully observed."

First of these will be to amend the law for the purpose of allowing soldiers serving with the colors outside the state to vote. A Good Investment

A year ago, I sold a local engineer a used Dodge Brothers car of the 1916 model. He told me a few days ago that he would not take today what he paid for the car and the upkeep had been practically nothing.

I have often said that one of our used Dodge cars, rebuilt in my shop and guaranteed against mechanical defects, will outwear two new cheaper cars. Service is built into these cars and their life is long.

I now have a used 1917 car, a newer model touring car, which will give any buyer equal value and service, and I guarantee it to do so. The price is reasonable. Drop in and see it and try it out.
